

## **Provision of international assistance to the most affected States neighbouring Afghanistan**

*The Economic and Social Council,*

*Recalling* its resolutions 2001/16 of 24 July 2001, 2002/21 of 24 July 2002, 2003/34 and 2003/35 of 22 July 2003, 2005/27 of 22 July 2005 and other relevant resolutions on international assistance to States affected by the transit of illicit drugs,

*Taking note with concern* of the report of the United Nations Office on Drugs and Crime entitled *Afghanistan: Opium Survey 2007*, in which the Office emphasized that in 2007 Afghanistan had produced 8,200 tons of opium, representing 93 per cent of global production,

*Noting* the progress that Afghanistan has made in implementing the Afghan National Drug Control Strategy, including the doubling of the number of its provinces free of opium poppy, from six to thirteen, in 2007,

*Reaffirming* the commitments assumed by Member States in the Political Declaration adopted by the General Assembly at its twentieth special session<sup>14</sup> and the measures to enhance international cooperation to counter the world drug problem,<sup>15</sup>

*Welcoming* the Paris Pact initiative on assistance to States affected by the transit of illicit drugs,<sup>16</sup>

*Acknowledging* the ongoing efforts of the Government of Afghanistan and the international community, including States neighbouring Afghanistan, to counter the scourge of illicit drugs, despite the continuing increase in the illicit cultivation of opium poppy and the illicit production of opiates in Afghanistan,

*Emphasizing* that international drug traffickers are constantly changing their modus operandi, rapidly reorganizing and gaining access to modern technology,

*Acknowledging* that transit States are faced with multifaceted challenges related to the increasing amount of illicit drugs transiting through their territory as a result of the increasing supply and demand on illicit drug markets,

*Keeping in mind* that the bulk of the illicit drugs originating in Afghanistan are smuggled through Iran (Islamic Republic of), Pakistan and other countries neighbouring Afghanistan before reaching their countries of destination,

*Considering* that a large number of transit States, in particular the States neighbouring Afghanistan, are developing countries or countries with economies in transition and are faced with multifaceted challenges, including rising levels of drug-related crime and increased prevalence of drug abuse,
