JANUARY 2016

Executive Director’s HIV/AIDS Report

Report of the Executive Director Yury Fedotov on 59th session of the Commission on Narcotic Drugs: "Responding to the prevalence of HIV/AIDS and other blood-borne diseases among drug users"

The report provides an overview of the response of the United Nations Office on Drugs and Crime (UNODC) to the spread of HIV/AIDS and other blood-borne diseases among people who use drugs, including people in prisons and summarizes the activities implemented by UNODC in 2014 and 2015.

It contains recommendations and indicates gaps and remaining challenges in responding to HIV/AIDS and other blood-borne diseases among people who use drugs.

FEBRUARY 2016

1—4 February | SA Drug Policy Week

The UNODC Regional Office in South Africa participated in the first SA Drug Policy Week. The event aimed to review and discuss South African Drug Policy and increase awareness about the UNGASS 2016 process among national policy makers and civil society. More than 80 members of national, provincial and local government, academia and civil society as well as participants from West and Southern Africa and the Indian Ocean Islands attended the event over the three days of presentations and deliberations.
