# HIV prevention in prisons **threats and opportunities**

Reed Messe Vienna, Hall C, Mini Room 4  
Thursday, 22 July  
1–2 p.m.

**Come and join us in this session  
to share and learn!**

The session will examine the complex issues surrounding the delivery of health-care services in custodial settings from different perspectives. Questions to be addressed will include: *(a)* what was the key of success for the presented interventions within the custodial environment?; *(b)* what is the impact on practice of the rules governing a custodial environment?; *(c)* are there opportunities for further development created by the environment?
