1 GRANTS PROGRAMME

1.1 Background

The 2003 Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, supplementing the United Nations Convention Against Transnational Organized Crime Trafficking in persons, defined human trafficking as “the recruitment, transportation, transfer, harbouring or receipt of persons, by means of the threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation.”

Trafficking in persons is a global phenomenon which has an impact at international, regional and national levels. It is closely interlinked with issues such as human rights violations, forced labour, migration, gender imbalance, child labour, violence against women, poverty and social exclusion.

The Voluntary Trust Fund for Victims of Human Trafficking (UNVTF) was established by resolution 64/293 of the United Nations General Assembly on 12 August 2010 as part of the United Nations Global Plan of Action to Combat Trafficking in Persons. The particularity of the Fund is that it is victim-centred, with the objective of providing essential humanitarian, legal and financial aid to victims of trafficking in persons through established channels of assistance.

The Fund is managed by the United Nations Office on Drugs and Crime (Fund Manager), which benefits from the strategic guidance and expertise of a five-member Board of Trustees, appointed by the UN Secretary-General on a geographically representative basis.

The Trust Fund has funded 34 NGO projects in 30 countries committing USD 2 million in grants. In its first grant cycle (2011-2014), 11 NGOs from across the globe were awarded grants for up to three years, totalling US$ 750,000. From the second call for proposals in 2014, 23 NGOs have been selected to receive US$ 1.25 million for projects implemented over the three-year cycle ending in 2017/18.

1.2 Objectives

This Call for Proposals takes into consideration the importance of harnessing all available resources towards the implementation of activities aimed at meeting the objectives of the UNVTF Small Grants Programme.

The main objectives of this Grants programme are:

- To provide essential assistance and protection to victims of trafficking in persons, in particular from the identification phase until their legal status has been resolved.

- To provide direct and effective access to essential services and remedies for victims of trafficking in persons, with an emphasis on assistance delivery by grassroots organizations, including, but not limited to, shelter, food, medical care, legal aid, access to justice, and psychosocial support.
1.3 **Thematic focus and priority issues**

Despite the call being global and open to assisting all victims of trafficking in persons, priority will be given to projects *assisting victims coming out of a context of armed conflict and victims that have been identified among large movements of refugees and migration flows.*

While this call will consider assistance to victims that have been trafficked for any purpose or type of exploitation, priority will be given to projects assisting victims trafficked for the purpose of sexual exploitation, organ removal, forced begging, forced criminality and any emerging exploitative purpose (e.g. skin removal, online pornography).

The following indicative activities will be given priority:

- Identification of victims of trafficking amongst migrants and refugees
- Access to legal advice and legal representation aimed at securing legal status in the host country for the victim;
- Essential advice on the victim’s rights and to claim access to remedies, including compensation or similar aid packages from national governments;
- Provision of shelter;
- Provision of psycho-social support;
- Provision of essential medical assistance;
- Assistance to obtain access to justice, legal advice and assistance including for victims to act as witnesses in court cases;
- Assistance with family reunification and repatriation, based on the full consent of the victim.

1.4 **Location**

This is a global call for proposals.

However, priority will be given to projects implemented in developing countries, especially countries along migration routes and communities affected by armed conflict.

1.5 **Duration**

The duration of the project can range from **12 to a maximum of 24 months.**

1.6 **Fundamental principles**

Grant applicants are expected to consider the following fundamental principles in designing their grant project proposals:

- Partnership/collaboration/cooperation with other stakeholders;
- Project design with the potential for replication;
- Sustainability of project activities;
An approach that values diversity among men and women and considers the special needs of girls, boys, women and men;

- Alignment with the 2003 Trafficking in Persons Protocol.

### 1.7 Award amounts

Proposals with budgets ranging from minimum USD 20,000 to maximum USD 60,000 will be considered for award. Please note that value for money will be assessed as a part of the rating criteria.

Payments will be made on the basis of annual instalments as per the needs reflected in the work plan and project budget for each year. The payment of a second and exceptionally third annual instalment is conditional on the entity meeting the **reporting requirements** specified in the funding agreement and the successful implementation of the activities in the previous year, as assessed by UNODC/UNVTF.

As a general rule in UNODC/UNVTF, grant awards should normally not exceed a monetary limit of 25% of the entity’s annual income. This limit will be checked when making the final decision.

All applicants will be informed of the outcome of the evaluation.

UNODC/UNVTF reserves the right to publicize the names of the successful organizations and project titles widely on the Trust Fund’s website as well as in dedicated fundraising publications, in order to attract donor funding for the various project proposals on the list.

5 APPROVAL AND AWARD

Once there is concrete funding available for one of the eligible proposals on the list, the selected project proposals are reviewed by the UNODC Committee on Grants and External Engagements based on which the final approval will be granted.

The following documents will be signed as part of the grant agreement between UNODC and grant recipients:

- Grant agreement based on the standard UNODC Grant agreement
- Annex A – Project Proposal, including work plan
- Annex B – Project Budget

Applicant organizations of the selected projects will receive the requested grant amount in the organization’s bank account via bank transfer. The banking details will be collected from all applicants in order to reduce any delay in payment. Payment for successive years (if applicable) will be transferred based upon successful performance and compliance with reporting requirements.

The Trust Fund Manager or the Board Members can conduct site visits of ongoing projects. These will be done upon prior notification and coordination with the respective organization.

6.3  Audit

Projects that receive more than USD 20,000 from the UNVTF over their entire life span, will have to submit an audit report from a qualified audit firm, specifically on the funding received by the UNVTF. The implementing organization shall be responsible for payment of any amount, representing any fees, expenses or financial costs in connection with such audit. The UNVTF will cover the costs of this audit.
