Tool 3.6	**Human rights and anti-trafficking legislation** This tool presents an overview of key principles and documents relating to human rights and anti-trafficking action.	**115**

CHAPTER 4. INTERNATIONAL CRIMINAL JUSTICE COOPERATION

Mechanisms of criminal justice cooperation

Tool 4.1	**Overview of mechanisms of criminal justice cooperation under the Organized Crime Convention** This tool emphasizes the importance of mechanisms of cooperation in combating transnational organized crime, provides a brief overview of such mechanisms and offers some key resources.	**120**
Tool 4.2	**Extradition** This tool discusses extradition, introduces a range of resources to facilitate entering into extradition agreements and making extradition requests, and provides some promising examples of cooperation on extradition.	**124**

Tool	*Overview*	*Page*
Tool 4.3	**Extradition checklist** This tool provides a checklist for the content of effective extradition requests.	132
Tool 4.4	**Mutual legal assistance** This tool discusses mutual legal assistance, introduces the reader to a range of resources to facilitate assistance and offers some promising practices of mutual legal assistance.	135
Tool 4.5	**Mutual legal assistance checklist** This tool offers a checklist for making mutual legal assistance requests.	143
Tool 4.6	**International cooperation for the purposes of confiscation** This tool describes the provision of the Organized Crime Convention relating to the confiscation and seizure of proceeds of crime and introduces resources which can assist in the process.	145

Methods of law enforcement cooperation

Tool 4.7	**International law enforcement cooperation** This tool discusses aspects of international law enforcement cooperation: • Channels of law enforcement cooperation • Direct bilateral or multilateral contact • Cooperation on information sharing • Expanding contacts between investigators • Cooperation during investigations	151
Tool 4.8	**Article 27 of the Organized Crime Convention, on law enforcement cooperation** This tool introduces the reader to article 27 of the Organized Crime Convention, which requires States parties to develop close law enforcement cooperation.	155
Tool 4.9	**Bilateral and multilateral cooperation agreements or arrangements** This tool provides examples of promising bilateral and multilateral cooperation agreements and arrangements.	156
Tool 4.10	**Promising cooperative practice** This tool showcases some promising cooperative criminal justice practice.	164

CHAPTER 5. LAW ENFORCEMENT AND PROSECUTION

Investigation of trafficking in persons

Tool 5.1	**Overview of the challenges in investigating human trafficking** This tool summarizes a recent article written about the challenges of investigating human trafficking in the United States and the need for effective investigation to secure successful prosecution.	175
Tool 5.2	**Snapshot of investigative technologies** This tool provides readers with a very brief introduction to the two key operational methodologies in counter-trafficking investigations.	177

Tool	*Overview*	*Page*
Tool 5.3	**Reactive investigation** This tool introduces readers to reactive, victim-led investigations instigated as a result of a complaint from one or more victims.	**179**
Tool 5.4	**Proactive investigation** This tool provides examples of multi-agency, intelligence-led approaches that bring together law enforcement, the intelligence community and various Government departments.	**181**
Tool 5.5	**Disruptive investigation** This tool looks at some of the main disruptive options available to law enforcement agencies.	**185**
Tool 5.6	**Parallel financial investigation** This tool discusses the financial aspects of the crime of trafficking in persons.	**186**
Tool 5.7	**Seizure of assets and confiscation of proceeds of crime** This tool discusses the requirements prescribed by article 12 of the Organized Crime Convention in relation to seizure of assets and confiscation of proceeds of crime. Tool 5.19	**Special considerations relating to the protection of child witnesses** This tool discusses special considerations relating to the protection of child witnesses.	240
Law enforcement training tools		
Tool 5.20	**Training tools for law enforcement officials and members of the judiciary** This tool recommends resources for training law enforcement officials and members of the judiciary in combating trafficking in persons.	243
CHAPTER 6. VICTIM IDENTIFICATION		
Tool 6.1	**Non-criminalization of trafficking victims** This tool explains the need to avoid criminalization of victims of trafficking.	253

Tool	*Overview*	*Page*
Tool 6.2	**Considerations before identification** This tool briefly mentions issues that should be considered before the interview, to overcome various barriers to communication.	255
Tool 6.3	**Guidelines on victim identification** This tool provides guidelines on identification of trafficked persons, as contained in the Recommended Principles of the United Nations High Commissioner for Human Rights.	257
Tool 6.4	**Indicators of trafficking** This tool lists some indicators of trafficking, both relating to general situations of trafficking and specific indicators pertaining to particular kinds of exploitation.	258
Tool 6.5	**Initial interview** This tool, developed by Anti-Slavery International, provides seven steps to follow in conducting the initial interview with a potential victim.	264
Tool 6.6	**Screening interview form of the International Organization for Migration for the identification of victims of trafficking** This tool introduces a screening interview form to assist officials of various agencies in the identification of trafficking victims, as well as other sample checklists and interview questions.	270
Tool 6.7	**Checklists to facilitate victim identification** This tool showcases checklists and screening forms which have been used in various situations by entities which have come into contact with victims. For the screening interview form of the International Organization for Migration, see Tool 6.6.	276
Tool 6.8	**Health-care providers' tool for identifying victims** This tool, developed by the United States Department of Health and Human Services, contains key sample questions health-care providers should consider asking to determine whether someone is a potential victim of human trafficking.	282
Tool 6.9	**Interviewing tips for health-care practitioners** This tool reproduces some of the materials created by the United States Department of Health and Human Services for health-care practitioners to use in identifying and assisting victims of trafficking.	284
Tool 6.10	**Law enforcement tool for victim identification** This tool flags some key considerations, questions and indicators for law enforcers in identifying potential victims of trafficking.	286
Tool 6.11	**Interviewing tips for law enforcers** This tool presents some elements to guide the work of law enforcement officials during their interviewing of persons they suspect have been trafficked.	289
Tool 6.12	**Ethical and safe interviewing couct** This tool contains recommendations on conducting oneself in an ethical and safe way when dealing with victims and potential victims of trafficking.	292

Tool	*Overview*	*Page*
Tool 6.13	**Victim certification** This tool advocates for a process of certifying victims as such to enable them to access services and support more effectively.	295
Tool 6.14	**Training material** This tool recommends various training materials which can be referred to in strengthening capacity to identify victims.	298

CHAPTER 7. IMMIGRATION STATUS OF VICTIMS AND THEIR RETURN AND REINTEGRATION

Reflection period and residence permits

Tool 7.1	**Reflection period** This tool discusses the purpose and value of a reflection period for victims. It offers guidelines for the provision of such a reflection period and showcases some promising examples.	304
Tool 7.2	**Temporary or permanent residence permits** This tool discusses the residence permits available to victims of trafficking. It introduces article 7 of the Trafficking in Persons Protocol and considers the European Union response to residence permits. The tool also summarizes discussion by the Global Alliance Against Trafficking in Women on residence permits and showcases some measures which countries have adopted in relation to granting residence permits to victims of trafficking.	313

Return and repatriation

Tool 7.3	**Understanding the challenges for returnee victims of trafficking** This tool provides a brief overview of some of the challenges which victims face in returning to their country of origin.	320
Tool 7.4	**Obligations of States** This tool explains the provisions of article 8 of the Trafficking in Persons Protocol on the repatriation of victims of trafficking in persons and discusses the issue of victims who are facing deportation from the country of destination.	322
Tool 7.5	**Human rights considerations with respect to the return and reintegration of victims** This tool provides guidelines developed by the United Nations High Commissioner for Human Rights relevant to the return and reintegration of victims of trafficking.	324
Tool 7.6	**Victims facing deportation** This tool addresses situations where victims are facing deportation before they have had a chance to establish that they are victims of trafficking.	327

Tool	*Overview*	*Page*
Tool 7.7	**Mechanisms for the safe return and reintegrating of victims** This tool provides examples of mechanisms (such as bilateral agreements and collaboration with non-governmental organizations and other international organizations) which can facilitate the return and reintegration of victims.	329
Tool 7.8	**The return and reintegration process** This tool explains the stages in the process of returning victims of trafficking to their country of origin and reintegrating them there.	334
Tool 7.9	**Protecting refugee victims of trafficking** This tool flags the issue of protecting and assisting trafficking victims as refugees and refers to various guidelines of the Office of the United Nations High Commissioner for Refugees which may assist in the process of affording such protection.	338
Tool 7.10	**Return and reintegration of children** This tool discusses the special considerations involved in repatriating child victims of trafficking.	341

CHAPTER 8. VICTIM ASSISTANCE

Principles of victim assistance

Tool 8.1	**Obligations of States** This tool describes, in general terms, assistance services States are required to provide to victims.	350
Tool 8.2	**Obligations of States to child victims** This tool discusses State obligations to protect and assist child victims, and provides examples of measures to ensure their safety, taking into account their special needs and rights.	356
Tool 8.3	**Protection, assistance and human rights** This tool discusses the human rights considerations which must be borne in mind in protecting and assisting victims of trafficking.	359

Types of victim assistance

Tool 8.4	**Language and translation assistance** This tool describes the language and translation assistance which States are required to provide to victims. Such assistance is necessary for the effective provision of other forms of assistance.	365
Tool 8.5	**Medical assistance** This tool examines the kind of medical assistance typically required by victims of trafficking.	366

Tool	*Overview*	*Page*
Tool 8.6	**Psychological assistance** This tool examines the common psychological reaction of victims to the experience of trafficking and outlines the type of psychological assistance that they are likely to require.	371
Tool 8.7	**Material assistance** This tool introduces considerations to be taken into account in providing victims with material and financial assistance.	374
Tool 8.8	**Shelter programmes** This tool reviews some basic considerations that must be kept in mind in providing victims with safe shelter.	375
Tool 8.9	**Rehabilitation, skills training and education** This tool presents some examples of the assistance that can be provided to protect victims from revictimization.	379
Tool 8.10	**Promising examples of integrated services** This tool showcases some examples of comprehensive and integrated services for victims. Assistance measures which are not part of a comprehensive package of responses will not break the trafficking cycle effectively. The sustainable reintegration of a person who has been trafficked requires a holistic approach to meeting their wide range of needs. For related examples concerning child victims, see Tool 7.10.	381
HIV/AIDS and trafficking in persons		
Tool 8.11	**Overview of HIV/AIDS** This tool considers the issue of HIV/AIDS and flags the risk it poses to potential and actual victims of trafficking.	386
Tool 8.12	**Responses to the vulnerability to HIV/AIDS of victims of trafficking in persons** This tool discusses responses to the vulnerability of trafficked persons to HIV/AIDS.	389
Tool 8.13	**HIV guidelines for law enforcers, prosecutors and judges** This tool provides HIV/AIDS guidance to law enforcers, prosecutors and judges with respect to people vulnerable to trafficking in persons. For more information on related issues, see Tool 5.15 and Tools 8.12 to 8.15.	392
Tool 8.14	**Testing and counselling for HIV/AIDS among people vulnerable to trafficking** This tool discusses testing and counselling for HIV/AIDS among people vulnerable to trafficking.	395
Tool 8.15	**HIV referral model for people vulnerable to trafficking** This tool offers an HIV referral model in developed countries for people vulnerable to trafficking.	398

Tool	*Overview*	*Page*
Justice for victims		
Tool 8.16	**Access to information and legal representation** This tool explains the importance of providing victims of trafficking with access to information and, when required, legal representation to facilitate their participation in criminal proceedings against offenders. For related information, see Tool 5.15.	399
Tool 8.17	**Restitution and compensation for victims** This tool refers to the provisions of the Organized Crime Convention and the Trafficking in Persons Protocol requiring that appropriate procedures be established to provide compensation. The tool also discusses the purpose and source of compensation, and principles concerning its provision in international and regional instruments. Lastly, some promising examples of domestic systems providing compensation to victims of trafficking are highlighted and resources for strengthening compensation mechanisms are recommended.	403
CHAPTER 9. PREVENTION OF TRAFFICKING IN PERSONS		
Tool 9.1	**Principles of protection** This tool provides principles and guidelines for preventing trafficking in persons.	418
Addressing the root causes		
Tool 9.2	**Addressing the root causes of trafficking** This tool discusses the root causes of trafficking in persons and the economic and social policies identified in the OSCE Action Plan to Combat Trafficking in Human Beings aimed at addressing those root causes.	423
Tool 9.3	**Eliminating gender-based discrimination and promoting women's economic rights** This tool discusses the role that gender-based discrimination plays in exacerbating womens' vulnerability to trafficking and advocates the promotion of their economic rights.	426
Tool 9.4	**Prevention of corruption** This tool introduces the United Nations Convention against Corruption and refers the reader to the Anti-Corruption Toolkit of the United Nations Office on Drugs and Crime and other relevant resources.	429
Tool 9.5	**Citizenship and statelessness** This tool discusses the issue of citizenship as a means of preventing cross-border trafficking.	433

Tool	*Overview*	*Page*

Tool 9.7	**Prevention checklists** This tool, derived from *A Handbook on Planning Projects to Prevent Child Trafficking*, is a checklist of preparatory steps which must be taken before a prevention initiative is started.	436
	Awareness-raising	
Tool 9.8	**Awareness-raising measures** This tool examines prevention of trafficking through public education, information and awareness-raising campaigns.	437
Tool 9.9	**Awareness-raising campaign checklist** When planning a public information campaign, goals, aims, measurable objectives, target groups and settings, key messages, materials and actions, monitoring and evaluation should all be considered. This tool offers some guidelines and a checklist to provide a starting point.	446
Tool 9.10	**Designing a communication strategy** This tool provides a checklist for designing a communication strategy.	449
Tool 9.11	**Rapid response: prevention during emergencies** This tool offers guidance in protecting vulnerable people from trafficking during crises, such as conflict or natural disasters.	453
	Discouraging demand	
Tool 9.12	**Defining the concept of demand** This tool considers what "demand" means with respect to human trafficking.	456
Tool 9.13	**Commercial sexual exploitation of children** This tool looks at legislative and other measures, such as ethical guidelines and campaigns, that can be implemented in order to discourage the demand for trafficked persons by addressing the problem of sexual exploitation.	462
Tool 9.14	**Proactive prevention strategies: targeting traffickers** This tool showcases efforts which have been undertaken to profile and deter potential and actual traffickers from exploiting other people.	468
Tool 9.15	**Use of standardized data collection instruments** This tool presents some examples of standardized research instruments and methodologies.	470
Tool 9.16	**The role of the media in preventing trafficking** This tool examines the role and responsibility of the media in preventing trafficking both by virtue of the information investigative journalists may come across in their work and through a cautious approach to accepting advertisements.	477

Tool	*Overview*	*Page*
Tool 9.17	**Conduct of peacekeepers and other law enforcement personnel** This tool discusses the standard to which United Nations peacekeepers and other responsible personnel are held with respect to their conduct while on mission.	480
Tool 9.18	**Training for peacekeepers and other law enforcement personnel** This tool refers to some training materials and programmes developed for peacekeepers and other international law enforcement personnel.	488
Tool 9.19	**Trafficking in persons for organ removal** This tool discusses the trafficking of organs and the trafficking of persons for the purpose of organ removal.	494

CHAPTER 10. MONITORING AND EVALUATION

Tool 10.1	**Overview of monitoring and evaluation** This tool briefly describes both monitoring and evaluation, and the distinction between the two.	501
Tool 10.2	**Monitoring and evaluation in the project cycle** This tool provides an overview of monitoring and evaluation throughout the project cycle.	508
Tool 10.3	**Logical framework** This tool offers an explanation of the basic logical project framework (log frame) used in relation to planning, designing, implementing, monitoring and evaluating anti-trafficking and other projects.	509
Tool 10.4	**How to plan and conduct an evaluation** This tool provides an overview of the three steps of the evaluation process, offers guidelines for developing "terms of reference" for an evaluation and provides an overview of the contents of an evaluation report.	512
Tool 10.5	**Monitoring and evaluation of projects relating to trafficking in persons** This tool discusses principles and guidelines specific to monitoring and evaluating projects relating to trafficking in persons and offers an example of such a project and the lessons learned from it. The tool also recommends sources of further information on monitoring and evaluating projects relating to trafficking in persons.	515
