

PREFACE

The *Bulletin on Narcotics* is a United Nations journal that has been in continuous publication since 1949. It is printed in all six official languages of the United Nations—Arabic, Chinese, English, French, Russian and Spanish.

The *Bulletin* provides information on developments in drug control at the local, national, regional and international levels that would benefit the international community.

The present double issue of the *Bulletin* (vol. LV, Nos. 1 and 2) is devoted to the practice of drug abuse epidemiology. It follows the previous issue (vol. LIV, Nos. 1 and 2), which dealt with the science of drug abuse epidemiology. The United Nations Office on Drugs and Crime wishes to thank Zili Sloboda, who acted as guest editor for these two volumes of the *Bulletin*. Particular thanks also go to Paul Griffiths and Rebecca McKetin, who planned these two volumes while they were working in the United Nations Office on Drugs and Crime (UNODC).
