1. Organizational matters

(a) Opening of the third session of the Conference of the Parties to the United Nations Convention against Transnational Organized Crime

The third session of the Conference of the Parties to the United Nations Convention against Transnational Organized Crime will be convened on Monday, 9 October 2006, at 9:30 a.m.

(b) Election of officers

In accordance with rule 22 of the rules of procedure for the Conference of the Parties, at the opening of each session, a President, eight Vice-Presidents and a Rapporteur shall be elected from among the representatives of the States parties that are present at the session.

In accordance with the same rule, in electing the officers of the session, each of the five regional groups shall be represented by two officers, one of whom shall be from among the representatives of the States that are parties to the Convention and one or more and if possible all the Protocols that have entered into force by the opening of the session. The bureau shall include at least two representatives of States that are parties to all the instruments that have entered into force by the opening of the session.

On the recommendation of its bureau at its first session, the Conference decided that the offices of President and Rapporteur should rotate among the regional groups and that such rotation should take place in alphabetical order. Thus, at the third session, the President of the Conference would be nominated by the Group of Latin American and Caribbean States and the Group of Eastern European States would be asked to nominate one Vice-President and the Rapporteur.

(c) Adoption of the agenda and organization of work

At its second session, held in Vienna from 10 to 21 October 2005, the Conference of the Parties to the Convention approved the draft provisional agenda for its third session (CTOC/COP/2005/L.11). In adopting the provisional agenda for the third session, the Conference indicated its intention to devote more in-depth attention to matters related to prevention of transnational organized crime at a future session. It also indicated its intention to consider matters related to money-laundering in more detail at its fourth session.

Following considerable discussion on the optimal duration and possible dates of the third session of the Conference, the Conference requested its bureau to review and develop a proposed organization of work for the third session in consultation with the secretariat and the Chairmen of the regional groups.

The proposed organization of work was prepared, in accordance with rule 8 of the rules of procedure of the Conference, by the Secretariat in consultation with the bureau of the Conference and the Chairmen of the regional groups, which met on 27 January 2006. The proposed organization of work was approved by the extended bureau on the understanding that no more than two meetings would be held concurrently, in order to ensure maximum participation of delegations.

The extended bureau also decided that the third session would have a duration of eight days, from 9 to 18 October 2006. It was also decided that the time schedule of the meetings would be from 9:30 a.m. to 12:30 p.m. and from 2:00 to 5:00 p.m. in deference to delegates observing Ramadan. The extended bureau, in consultation with the Secretariat, decided that the third session would be held at the Vienna International Centre, in the United Nations Industrial Development Organization Boardroom (C04). The extended bureau also assured the Secretariat that delegations would be encouraged to exercise maximum tolerance should participation exceed the seating capacity of the Boardroom.

The proposed organization of work (see annex) is intended to facilitate consideration of the items on the agenda within the time and in accordance with the resources available to the Conference of the Parties.

The resources available to the Conference of the Parties at its third session will permit the holding of 16 plenary meetings and 4 parallel meetings with simultaneous interpretation in the six official languages of the United Nations.

(d) Participation of observers

Rule 14 of the rules of procedure for the Conference of the Parties provides that, subject to prior written notification to the Secretary-General, any State or regional economic integration organization signatory to the Convention in accordance with its article 36, paragraphs 1 and 2, shall be entitled to participate as an observer in the Conference.

Rule 15 of the rules of procedure provides that any other State or regional economic integration organization that has not signed the Convention in accordance with its article 36, paragraphs 1 and 2, may apply to the bureau for observer status, which shall be accorded unless otherwise decided by the Conference.

Rule 16 of the rules of procedure provides that, subject to prior written notification to the Secretary-General, representatives of entities and organizations that have received a standing invitation from the General Assembly to participate as observers in the sessions and work of all international conferences convened under its auspices, representatives of United Nations bodies, specialized agencies and funds, as well as representatives of functional commissions of the Economic and Social Council, shall be entitled to participate as observers, without the right to vote, in the plenary meetings of the Conference.

Rule 17 of the rules of procedure provides that relevant non-governmental organizations having consultative status with the Economic and Social Council may apply to the bureau for observer status, which should be accorded unless otherwise decided by the Conference. Should relevant non-governmental organizations not having consultative status with the Economic and Social Council apply for observer status, the Secretariat will circulate a list of such organizations in accordance with rule 17 of the rules of procedure.

At its second session, the Conference of the Parties decided that in future sessions there would be full compliance with rule 17 of the rules of procedure and instructed the secretariat to ensure such compliance.

(e) Adoption of the report of the bureau on credentials

According to rule 19 of the rules of procedure for the Conference, the bureau shall examine the credentials of representatives of each State party and the names of the persons constituting the State party's delegation and submit its report to the Conference of the Parties. According to rule 20 of the rules of procedure, pending a decision of the bureau upon their credentials, representatives shall be entitled to participate provisionally in the session. Any representative of a State party to whose admission another State party has made objection shall be seated provisionally with the same rights as other representatives of States parties until the bureau has reported and the Conference has given its decision.

At its second session, the bureau reported to the Conference that several States parties did not comply with rule 18 of the rules of procedure of the Conference of the Parties. The bureau emphasized the obligation of each State party to submit the credentials of representatives in accordance with rule 18 of the rules of procedure.

In the same decision, and pursuant to article 13, paragraph 5, of the Convention, the Conference of the Parties urged States parties that had not yet furnished copies or

descriptions of laws and regulations, or relevant updates, to do so as soon as possible, and requested the Secretariat, building upon the information obtained, to present to the Conference at its third session an outline of options as to how to make the most effective use of the laws and regulations furnished pursuant to that article, with a view to more effective implementation of the Convention.
