

TALK ABOUT DRUGS

**DON'T BRUSH THE ISSUE
UNDER THE CARPET**

TALK ABOUT DRUGS

10. TALK ABOUT DRUGS. DON'T BRUSH THE ISSUE UNDER THE CARPET.

Parents, teachers and elders should learn more about drugs themselves. They should discuss issues around drugs openly, frankly and in a non judgmental way, in family, school and other community settings. Get more elders, icons and community leaders, who can be good role models, to talk openly on the issue.
