

ACKNOWLEDGEMENTS

The UNODC Regional Office for South Asia and the Ministry of Social Justice and Empowerment, Government of India, gratefully acknowledge the contributions of the authors who coordinated, participated and collected information on injecting drug use and HIV/AIDS in India from the several various components of the project collectively entitled, 'National Survey on Extent, Pattern, and Trends of Drug Abuse in India'.

Dr. M. Suresh Kumar is the principal author of this monograph. The component '*National Household Survey*' was coordinated by Dr. Anurag Srivastava, Dr. Hemraj Pal, Dr. Sada Nand Dwivedi and Dr. Arvind Pandey (Clinical Epidemiology Unit at the All India

Institute of Medical Sciences), and was carried out at 18 sites. The component '*Drug Abuse Monitoring System*' was coordinated by Professor H.Y. Siddiqui. The component '*Rapid Assessment Survey*' was coordinated by Dr. M. Suresh Kumar and was carried out at 14 sites. We also gratefully acknowledge the support given by UNESCO in sponsoring the study at the following five sites: Delhi, Imphal, Chennai, Mumbai and Kolkata.

We deeply acknowledge the technical inputs provided by the UNAIDS team for their review of the document. Additionally, we appreciate the review and comments provided by Global Challenges Section of UNODC, Vienna.

The five focused thematic studies were coordinated by the following:

1. *Drug Abuse among Women in India* - Ms. Shobha Lal Kapoor
2. *Burden on Women due to Drug Abuse by Family Members* - Dr. Mala Kapur Shankerdass
3. *Drug Abuse among Rural Population* - Dr. S.M. Sajid
4. *Drug Abuse among Prison Population* - Dr. H.S. Sethi
5. *Availability and Consumption of Drugs in Border Areas* - Mr. A.P. Kala and Mr. H.K. Sharma

We gratefully acknowledge their contribution.

Individual site reports are available and this monograph is a compilation of the reports of the various components and accounts prepared by individual site investigators.
