

MODEL AGENDA - IV
NATIONAL PRECURSOR CONTROL TRAINING PROGRAM FOR DRUG
LAW ENFORCEMENT OFFICERS
(5 DAY COURSE)

DATE/ TIME	TOPIC	SPEAKER
1st Day (Date)		
1 0930 - 1030	Registration/Inauguration	
2 1030 - 1045	Warm up exercise	
3 1045 - 1130	The concept of precursor control - an introduction; The need for regulating precursor chemicals; U.N. Conventions of 1961, 1971 and 1988 and their relevance to precursor chemicals.	
4 1130 - 1230	Framework of precursor control under article 12 of the 1988 UN Convention	
5 1230 - 1330	Role of International Narcotics Control Board; Role of Competent National Authorities: Concept of mutual legal assistance and sharing of information between governments under the aegis of 1988 UN Convention.	
1330 - 1430	Lunch Break	
6 1430 - 1530	Scheme of legislative/executive control over precursor chemicals in the country.	
1530 - 1615	Break	
7 1615 - 1700	EU Legislation on precursor chemicals; EU Guidelines for the chemical trade.	
2nd Day (Date)		
8 1000 - 1100	Introduction to precursor chemicals - their licit and illicit use: Identification through field test kits.	
1100 - 1115	Break	
9 1115 - 1215	Significance of Limited International Special Surveillance List; Introduction to substances listed in the special surveillance list.	
10 1215 - 1330	Methods of diversion of precursor chemicals for illicit production of narcotic drugs and psychotropic substances.	
1330 - 1430	Lunch	

- 11 1430 - 1530 International tracking/monitoring operations - 'Operation Purple' and 'Operation Topaz'.
1530 - 1545 Break
- 12 1545 - 1645 Intelligence gathering against diversions of precursor chemicals.
13 1645 to 1730 Discussion
- 3rd Day (Date)**
- 14 1000 - 1100 Investigation of precursor diversion cases
1100 - 1115 Break
- 15 1115 - 1200 Controlled delivery
- 16 1200 - 1330 Detection and dismantling of laboratories producing illicit drugs; Investigation to identify sources of supply of precursor chemicals to such laboratories.
1330 - 1430 Lunch
- 17 1430 - 1530 Procedure for drawing samples of precursor chemicals for laboratory testing; Storage, handling and disposal of seized / confiscated precursor chemicals - general principles.
1530 to 1545 Break
- 18 1545 - 1645 Maintenance of a reliable database on volume of trade in precursor chemicals.
19 1645 - 1730 Discussion
- 4th Day (Date)**
- 20 1000 - 1100 Role of various national law enforcement agencies in precursor control
1100 - 1115 Break
- 21 1115 - 1215 Cooperation between competent authorities and chemical industry in precursor control: Codes of conduct worked out by the industry - their effectiveness.
- 22 1215 - 1315 International, regional and bilateral cooperation in precursor control
1315 - 1415 Lunch
- 23 1415 - 1730 Visit to laboratory
- 5th Day (Date)**
- 24 1000 - 1330 Assignment/group discussion
1330 - 1430 Lunch
- 25 1430 - 1500 Evaluation/test your ability
- 26 1500 - 1600 Valediction
