

Day 3- (Afternoon) – Agenda 6

Chapter III

Procedural Measures and Law Enforcement

Article 40. Jurisdiction

RRU appreciates and welcomes the exhaustive explanation to the clause of jurisdiction. It is in consonance with India's submission in the Session of the Ad Hoc Committee.

Article 55. Measures to enhance cooperation with law enforcement authorities

In addition to the depictions of the negotiating document, the Convention may propose that timely cooperation among the agencies of the Governments is essential to investigate and prosecute cybercrimes.

- (i) States need to strengthen cooperative measures to prevent and counter more effectively the use of ICTs for criminal purposes by facilitating legal and technical assistance taking into consideration the border less nature of the ICT crimes.
- (ii) Law enforcement can facilitate if there is timely response and proper notified channels or points of contacts of communications or designated officers who may receive and process the request in a specific time. Such notified channels or points of contacts may serve 24/7 networks for faster response times.
- (iii) Investigations that affect the state sovereignty ought to be given high priority.
- (iv) There can be training for speedy assistance.

Thank you Madam Chair.
