

INTERPOL's Proposal for the Comprehensive International Convention on Countering the Use of Information and Communications Technologies for Criminal Purposes

Mary D. Rodriguez

Executive Director of Legal Affairs

6-7 March, 2023

Vienna, Austria

INTERPOL's Contribution to International Cooperation and Operational Delivery of the Convention

INTERPOL's Unique Tools

- ✓ ***Secure I-24/7 global police communications system***
 - connects law enforcement in all 195 member countries,
 - enables users to share sensitive and urgent police information with their counterparts.
- ✓ ***Transmission of requests for provisional arrest of fugitives pending extradition***
 - Notices and diffusions are vetted by a specialized task force to ensure their compliance with INTERPOL's Constitution and Rules.

✓ ***Transmission and access to real-time information regarding (pre) extradition process***

- one of the world's most reliable secure communications networks connecting 195 countries in real time
- swift exchange of information regarding provisional arrest and the other stages of the extradition process

✓ ***Mutual Legal Assistance***

- Real-time communication via INTERPOL's secure communication network
- 24/7 Points of Contact for Computer-related crime.

✓ ***Law-enforcement cooperation***

- In 2022, LEAs across the world exchanged thousands of messages per hour using INTERPOL's secure communications system, I-24/7.

✓ INTERPOL tools under development:

• **INTERPOL's e-MLA program**

- providing Central Authorities a secure electronic transmission capability for mutual legal assistance requests and evidence

• **INTERPOL's e-Extradition Initiative**

- will allow electronic transmission of extradition requests, replicating the traditional process of transmission via the competent authorities (such as Ministries of Justice and Ministries of Foreign Affairs).
