

COVID-19 Guidelines for in-person participants CND 65th session

Status: 2.05.2022

Based on guidance provided by the Vienna International Centre Crisis Management Team of 12 January 2022 and the additional information received from the director of the VIC medical service on 24 February and the UNODC director for management on 25 February 2022.

1. COVID-19 PREVENTIVE MEASURES -SPECIFIC ARRANGEMENTS FOR THE MEETING

IMPORTANT INFORMATION

- After 5 March 2022, all those entering the VIC must comply with 2.5G (vaccinated, recovered or PCR test no older than 48 hours).
- By swiping their VIC grounds pass/badge, those entering the VIC confirm they are compliant and have 2.5G proof.

Information on testing options in Vienna can be found here: <https://coronavirus.wien.gv.at/faq-english/#Testangebote>.

The hybrid format enables limited in-person participation (physical presence) as well as remote participation through an online platform as per the organizational arrangements decided by the Commission.

The Vienna International Centre Joint Medical Service (VIC JMS) has prepared a COVID-19 Quick Guide (on the Commission websites) which participants are required to review.

In addition, a set of health and safety measures –outlined below in more detail –has been put in place as COVID-19 risk mitigation measures during the meetings, in particular: measures to manage the flow of participants, measures to record in-person attendance, specific hygienic measures, and procedures in case of COVID-19 infections or symptoms.

Measures to manage the flow of participants at the VIC premises

The meetings will be organized in a hybrid format from 14-18 March 2022.

As per the organizational arrangements¹, Member States will be reserved 2 seats at the table. Only 2 participants per delegation as there is a reduced number of seats in the room to facilitate distancing.

Delegates should keep physical distance of at least one meter to others. They must not shake hands or engage in any other physical contact;

Delegates should avoid meeting in groups between sessions (e.g. lunch breaks);

For access to the cafeteria during the session, please see the specific [Guidelines for the use of the VIC catering facilities on the website](#);

Delegates are encouraged to bring their own earphones to follow interpretation.

Measures to record in-person attendance

In line with the requirements set by Austrian authorities, the meeting organisers are required to keep a record of attendance. To this end, QR codes will be placed at the desks for all meetings of the

session. Delegates are kindly requested to scan the QR code for every meeting to enable the requested record and facilitate contact tracing.

Specific Hygiene Measures

Delegates must wear **FFP2 masks** at all times while in the VIC as well as in the conference room. Masks will not be provided. Delegates may decide to take off their FFP2 masks while making an intervention from the floor. Masks are not required when seated in the cafeteria.

All participants must adhere to **general COVID-19 preventive measures**, such as, washing hands and wearing a mask.

The conference room will be thoroughly and regularly cleaned and sanitized during breaks in between sessions and meetings;

Hand sanitizers are available in restrooms and corridors of the VIC, including right outside of the conference room;

Procedures in case of COVID-19 symptoms or infections

Delegates are requested to not attend the meeting if they feel unwell.

If a participant has acute symptoms suggestive of COVID-19 such as fever, cough, loss of sense of smell or taste, during a conference or in the meeting room: participants are required to contact the VIC Medical Services (ext. 22224) or call Security Emergency Operations Centre (ext. 99). A specific response protocol will be activated.

For assistance after meeting hours:

- For symptoms related to COVID-19, call the Vienna Health telephone on **1450** (German and English);
- For emergencies, call the Vienna emergency number 144;
- For all other medical issues, seek out an urgent care clinic (example: Akutversorgung Privatklinik Döbling, Heiligenstädter Straße 55-63, 1190 Vienna: +43 1 360 66-5599) or go to an emergency department of any general Vienna hospital.

Should any of the participants be **confirmed by health authorities to have COVID-19** or to have been placed in quarantine within 14 days of the meeting, the participant is requested to immediately inform the VIC Medical Service (medical-admin.contact-point@iaea.org) so that necessary contact tracing in association with a COVID-19 case may be carried out.

2. OVERVIEW OF COVID-19 GENERAL PREVENTIVE MEASURES WITHIN THE VIC

a) Physical distancing in the VIC

Physical distancing measures must be followed in the VIC. Individuals must keep a distance of a minimum of one meter from other individuals at all times and avoid shaking hands or engaging in any other physical contact.

b) Entering and Exiting the VIC

All persons entering/exiting the VIC must adhere to physical distancing measures and are required to wear FFP2 masks when accessing/exiting security checkpoints (pedestrian and vehicular).

c) Doors

Delegates are advised to limit the touching of doorknobs, e.g. using elbows, etc.

d) Elevators

Use of elevators is limited to a maximum of 4 passengers at any one time.

e) Hallways

Hallways in the VIC are wide enough to maintain a distance of one meter for two directional flow. Narrower hallways will be marked for flow in one direction only.

f) Stairwells

Staff and delegates must make the necessary room to maintain physical distance of 1 meter and

must pass as quickly as possible.

g) Services

Physical distancing and wearing of FFP2 masks must be followed when queuing for and availing of service such as the Cafeteria, Pharmacy, Commissary and other VIC commercial services.

h) Distance Markings and Signage

Distance markings of floors in common areas have been prepared. Delegates should pay attention to markings to maintain physical distancing.

3. SOURCES FOR LOCAL MEASURES TO CONTAIN THE COVID-19 PANDEMIC

All delegates are kindly requested to closely monitor and check the alerts on the COVID-19 situation in the Republic of Austria, and specifically in the city of Vienna. All relevant information in English is available [here](#).

The [official dashboard](#) reflecting the latest data on COVID-19 is available both in English and German. This page is frequently updated by the host country authorities.

Regular COVID-19 updates are issued by the Vienna-based organizations, informing of latest measures and data – accessible online [here](#).
