

64<sup>th</sup> session of the United Nations Commission on Narcotic Drugs

# Strengthening Community Support for Recovery

Event organized by IFNGO - The International Federation of Non-Government Organization for the Prevention of Drug and Substance Abuse,

Co-organized by SANA - Singapore Anti-Narcotics Association

**13<sup>th</sup> April, 2021**  
Tuesday, 10:00 am-10:50 am (CET)

## ABOUT

In order to help drug users become full members of society following treatment, measures are needed that address the issues of housing, education, vocational training and employment as part of their recovery.

This side event will consist of the three pillars of social reintegration, housing, education and employment (including vocational training). It will focus on existing interventions targeting this vulnerable social group and how important a collaboration with Government, Civil Society and private sector is to create a sustainable social reintegration system.
