

Ms. Stefanie Schmatz is an Associate Drug Control and Crime Prevention Officer at the UNODC Laboratory and Scientific Service (LSS).

Stefanie is supporting the development and implementation of the UNODC Opioid Strategy, including the UN Toolkit on Synthetic Drugs which brings existing expertise of different UN agencies and programmes together under one umbrella.

Prior to her assignment with LSS Ms. Schmatz supported the UNODC Prevention, Treatment and Rehabilitation Section (PTRS) with programme management of various activities related to the of the UNODC drug prevention portfolio, including the Youth Initiative.

Ms Schmatz brings a wealth of experience working in the non-profit, private and international development sectors, most recently in Peru supporting the establishment of development and education programmes and institutions for at risk communities.
