CND Res.6(I). Re-establishment at its pre-war level of international control of narcotic drugs

The Commission on Narcotic Drugs

Desiring to establish a narcotics control organization which will ensure adequate supplies of narcotic drugs for the medicinal and scientific requirements of Germany; to prevent illicit traffic in narcotic drugs; to reduce addiction; to ensure the full application in German territories under allied control of all narcotics conventions and the execution by the allied control authorities of all obligations thereunder towards the other parties to these conventions and the international control organs (the Commission on Narcotic Drugs of the United Nations, the Permanent Central Opium Board and the Supervisory Body);

Requests the Economic and Social Council to urge the Governments of France, the Union of Soviet Socialist Republics, the United Kingdom and the United States of America to recommend to the allied control authority to take the necessary measures, at the earliest possible moment, for the establishment of an effective control of narcotics for all Germany.
