CND Res.2(XVII). Abuse of drugs (drug addiction)

The Commission on Narcotic Drugs.

(a) Recognizing the need for factual data concerning the socio-economic and medical aspects of drug addiction and illegal drug consumption under various national conditions,

(b) Realizing that such data are essential in the formulation and development of realistic policies of prevention and enforcement on a national and international level,

1. Requests States Members of the United Nations or of the specialized agencies to encourage research into this problem with special emphasis on the socio-economic and medical aspects of drug addiction and illegal drug consumption and to furnish the Secretary-General with reports on the results and findings thereof.

2. Further requests the Secretary-General to present a report on the above, if possible, to the nineteenth session of the Commission.
