**CND Dec.1(S-IV). Information on international meetings on drugs of abuse<sup>\*/</sup>**

At its 807th meeting, on 27 February 1976, the Commission on Narcotic Drugs decided that the Division of Narcotic Drugs shall publish in its Information Letter, to the extent feasible, as part of the continued efforts by the Secretary-General for the best possible co-ordination of international activities in this field all information on international meetings on drugs of abuse, as far as possible in advance of any such meeting; organizations and bodies likely to organize international or regional meetings are therefore asked to inform the Division of Narcotic Drugs, at their earliest convenience, of any such meeting planned by them, to enable the Division, as the case may be, to warn them of similar concurrent meetings and to keep them, as well as Governments, informed of all forthcoming meetings through its Information Letter.
