CND Dec.7(S-IV). Drug abuse and measures to reduce demand^{*/}

At its 807th meeting on 27 February 1976, the Commission decided that, in order to depict better the situation in different countries and to improve the document on drug abuse and measures to reduce demand, submitted by the Secretary-General, information available to the United Nations, such as statements of representatives to the Commission on Narcotic Drugs made at the previous session, as well as reports of the United Nations and its specialized agencies on meetings dealing with the abuse of drugs, should be taken into consideration when drafting this document.
