CND Dec.6(S-V). Clarification of terms relevant to the implementation of the international drug control treaties^{*/}

At its 854th meeting on 23 February 1978, the Commission on Narcotic Drugs decided that the Division of Narcotic Drugs should elaborate, in collaboration with the World Health Organization and other appropriate agencies and bodies of the United Nations, a compilation of definitions and explanations of terms relevant to the implementation of international drug control treaties and to the work of the Commission. Progress on this project should be reported to the Commission at its next session. The cost of this project might appropriately be defrayed by financial assistance from the United Nations Fund for Drug Abuse Control, in accordance with the priorities established by the Fund.
