CND Dec.2(XXX). Relations between the Sub-Commission on Illicit Drug Traffic and Related Matters in the Near and Middle East and the Heads of National Narcotics Law Enforcement Agencies, Far East Region

At its 924th meeting, on 8 February 1983, the Commission on Narcotic Drugs decided to approve a joint meeting between the Sub-Commission on Illicit Drug Traffic and Related Matters in the Near and Middle East and the Heads of National Narcotics Law Enforcement Agencies, Far East Region (HONLEA) the next time a HONLEA meeting took place in the capital of a member State of HONLEA which was in reasonable proximity to the region of the Sub-Commission. This should be accomplished within the limits of the resources available to the United Nations, with the possible contribution of extra-budgetary resources provided by the United Nations Fund for Drug Abuse Control to support the annual HONLEA meetings.
