

CHAPTER I

MATTERS REQUIRING ACTION BY THE ECONOMIC AND SOCIAL COUNCIL, AND  
DATE, PLACE AND AGENDA OF THE COMMISSION'S NEXT SESSION

A. Draft resolutions

1. At its thirtieth session, the Commission on Narcotic Drugs recommended to the Economic and Social Council the adoption of the following draft resolutions:

I

Review and implementation of the programme of strategy and policies for drug control 1/

The Economic and Social Council,

Having considered paragraph 3 of General Assembly resolution 36/168 of 16 December 1981 entitled "International Drug Abuse Control Strategy" by which the Assembly requested the Commission on Narcotic Drugs to establish a task force, in the context of that Strategy, to monitor and review the programme of action and to report to the Commission thereon,

Noting that the Commission in its resolution 1 (S-VII) of 8 February 1982 decided, inter alia, to establish that task force on a provisional basis, as outlined in paragraph 90 of its report on the seventh special session (E/1982/13), and to review the composition of the task force at its next regular session in 1983,

Noting further the number of representations subsequently made to the Secretary-General concerning the provisional membership of the task force and its possible enlargement (E/CN.7/1983/3/Add.1),

Aware that a task force with limited participation may prove to be discriminatory in nature,

Recognizing that the original purpose of the task force would be thwarted if the task force were to become too large,

Recognizing also that the monitoring and review procedure as currently organized may lead to a duplication of effort between the Commission and its task force,

Concerned that the financial constraints under which the task force was authorized to meet (A/C.3/36/L.88) made it necessary for the Commission to renounce its own meeting when its task force was in session, thereby further curtailing the time available to the Commission for examination of its agenda items,

Having taken note of the report of the task force on its discussions held immediately prior to and during the thirtieth session of the Commission,

Recommends to the General Assembly that the Commission on Narcotic Drugs, meeting in plenary during its sessions and in the presence of all interested observers, should in future replace the present task force as provisionally established and thus constitute the task force envisaged in General Assembly resolution 36/168.

## II

### Demand and supply of opiates for medical and scientific needs 2/

#### The Economic and Social Council,

Recalling its resolutions 1979/8 of 9 May 1979, 1980/20 of 30 April 1980, 1981/8 of 6 May 1981 and 1982/12 of 30 April 1982, as well as Commission on Narcotic Drugs resolution 1 (XXIX) of 11 February 1981 entitled "Strategy and Policies for Drug Control",

Having considered the report of the International Narcotics Control Board for 1982,

Taking note of the report of the expert group convened by the Division of Narcotic Drugs to explore the feasibility of creation of an international buffer stock of opiate raw materials or transfer of these stocks to the manufacturers' stocks or to special stocks in the consuming countries,

Noting with concern that the traditional supplier countries continue to hold large accumulated stocks of opiate raw materials which constitute a heavy financial and other burden for them,

Recognizing the urgent need to liquidate the accumulated stocks held by the traditional supplier countries, with a view to achieving a lasting world-wide balance between demand and supply of opiates for medical and scientific purposes,

1. Urges the Governments of those countries that have not already done so to take urgent and effective steps to implement the above-mentioned resolutions;
2. Further urges the Governments of concerned producing and consuming countries to consider, after mutual consultation where necessary, implementing such measures for the disposal of excess stocks recommended in the report of the above-mentioned expert group as may be found feasible and most fruitful, and also to consider other possible measures suggested by the expert group which might contribute to an improvement in the present situation;
3. Requests the Secretary-General to transmit the present resolution to all Governments for their consideration and implementation.

III

Measures to improve international co-operation in the  
maritime interdiction of illicit drug traffic 3/

The Economic and Social Council,

Noting the observations made by the expert group to study the functioning, adequacy and enhancement of the Single Convention on Narcotic Drugs, 1961 at its 1982 meeting, particularly with regard to the need for bilateral regional arrangements concerning the boarding of sea-going vessels involved in drug trafficking,

Bearing in mind Article 4 of the Single Convention on Narcotic Drugs, applicable international conventions and the concern of the international community to suppress illegal traffic in narcotic drugs and psychotropic substances,

Noting with concern the alarming number of private vessels transporting illicit drugs on the high seas,

Noting also with concern the large proportion of recidivists among smugglers of illicit drugs by sea,

Recognizing that in many instances illicit drug traffickers also engage in fraudulent practices with respect to the flag State registration of their vessels,

Firmly believing that in order to be effective in combating illicit maritime traffic, registry information must be readily accessible to and verifiable by law enforcement personnel aboard the vessel and within the claimed flag State,

Convinced that legitimate shipping interests will not be unreasonably hampered by adoption of effective steps by all States to provide, in accordance with relevant domestic constitutional safeguards and legislations, for prompt, positive and unmistakable identification of private vessels registered under their flag,

1. Appeals to Governments to inspect closely all requests for registration of private sea-going vessels to ensure that the vessels are those which the applicants are appropriately entitled to register;
2. Urges Governments to require their flag vessels to carry on board documents attesting to their registry;
3. Requests Governments to explore methods of strengthening international co-operation in combating illicit maritime drug trafficking, and to respond promptly to enquiries made for law enforcement purposes by other States regarding the registry of vessels;
4. Recommends that Governments consider establishing a national centralized vessel registry system for their private flag vessels, to facilitate the international co-ordination needed to implement this resolution;

5. Encourages all States to take prompt action, with due regard to their constitutional, legal and administrative systems, to curtail employment of their flag vessels in the illicit drug trade and to impose significant sanctions on persons convicted of such activity;

6. Requests the Secretary-General to transmit the text of this resolution to all Governments and to invite them to bring it to the attention of their competent authorities for consideration.

#### IV

##### Special session of the Commission on Narcotic Drugs 4/

##### The Economic and Social Council,

Recalling its resolution 2001 (LX) of 12 May 1976,

Recognizing that the social and human problems created by drug abuse continue to increase,

Aware of the need for the Commission on Narcotic Drugs to examine specific topics related to those problems and to review the international Conventions in more detail than is possible in the course of its biennial sessions,

Bearing in mind Economic and Social Council decision 1982/114 of 3 May 1982 and the associated discussions, General Assembly resolutions 36/117A and 35/10A, and Economic and Social Council resolution 1768 (LIV),

Decides that the Commission on Narcotic Drugs shall hold a special session of five days' duration in 1984 at a time when it will not overlap with other meetings, and within existing United Nations resources, for the fulfilment of its treaty obligations (consideration of scheduling decisions, establishment of guidelines for the exemption of preparations, consideration of the report of the International Narcotics Control Board) and to deal with other urgent matters.
