Resolution 51/15

Control of international movement of poppy seeds obtained from illicitly grown opium poppy plants

The Commission on Narcotic Drugs,

Reaffirming Economic and Social Council resolution 1999/32 of 28 July 1999,

Considering article 22 of the Single Convention on Narcotic Drugs of 1961,82 on the prohibition of the illicit cultivation of the opium poppy, and the Action Plan on International Cooperation on the Eradication of Illicit Drug Crops and on Alternative Development,83 adopted by the General Assembly at its twentieth special session,

Recalling that the International Narcotics Control Board, in its report for 1995, expressed its concern about trade in seeds obtained from opium poppy plants in countries where the cultivation of opium poppy was prohibited, and urged Governments to be vigilant in order to ensure that poppy seeds traded for food purposes were not derived from illicitly cultivated opium poppy plants,84

Emphasizing the need to fight the illicit cultivation of opium poppy,

Noting that poppy seeds are a by-product available on a large scale from countries where the cultivation of opium poppy is prohibited,

Aware that, according to the provisions of the 1961 Convention, trade in poppy seeds is not subject to international control,

Recognizing that there is a need to prohibit international trade in poppy seeds obtained from illicitly grown opium poppy plants,

Recognizing also that the poppy plant used for food purposes has a low morphine content and is therefore unsuitable for the production of opium for illicit use by drug abusers,

Concerned about the trade in seeds obtained from opium poppy plants in countries where the cultivation of opium poppy is prohibited,

Resolving to fight the international trade in poppy seeds obtained from illicitly grown opium poppy plants,

Noting with concern the substantial increase reported in the illicit cultivation of opium poppy in certain areas,

1. Urges all Member States to endeavour, consistent with their domestic laws and regulations and applicable international regulations, to import poppy seeds derived from licitly grown opium poppy crops;
