

## Chapter I

### **Matters calling for action by the Economic and Social Council or brought to its attention**

#### **A. Draft resolution to be recommended by the Economic and Social Council for adoption by the General Assembly**

1. The Commission on Narcotic Drugs recommends to the Economic and Social Council the approval of the following draft resolution for adoption by the General Assembly:

#### **Draft resolution**

#### **Promoting the implementation of the United Nations Guiding Principles on Alternative Development and related commitments on alternative development and regional, interregional and international cooperation on development-oriented, balanced drug control policy addressing socioeconomic issues**

*The General Assembly,*

*Reaffirming* that drug policies and programmes, including in the field of development, should be undertaken in accordance with the purposes and principles of the Charter of the United Nations, international law and the Universal Declaration of Human Rights<sup>1</sup> and, in particular, with full respect for the sovereignty and territorial integrity of States, the principle of non-intervention in the internal affairs of States, all human rights, fundamental freedoms, the inherent dignity of all individuals and the principles of equal rights and mutual respect among States, as well as the principle of common and shared responsibility and the Sustainable Development Goals,<sup>2</sup> and taking into account the specific situations of countries and regions,

*Reaffirming also* that the world drug problem must be addressed in accordance with the provisions of the Single Convention on Narcotic Drugs of 1961 as amended by the 1972 Protocol,<sup>3</sup> the Convention on Psychotropic Substances of 1971<sup>4</sup> and the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988,<sup>5</sup> which, together with other relevant international instruments, constitute the cornerstone of the international drug control system,

*Reaffirming further* the Political Declaration adopted by the General Assembly at its twentieth special session<sup>6</sup> and the Action Plan on International Cooperation on the Eradication of Illicit Drug Crops and on Alternative Development,<sup>7</sup>

*Reaffirming* the commitments contained in the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>8</sup> adopted at the high-level segment of the fifty-second session of the Commission on Narcotic Drugs and by the General Assembly in its resolution 64/182 of 18 December 2009, and the Joint Ministerial Statement of the 2014 high-level review by the Commission on Narcotic Drugs of

the implementation by Member States of the Political Declaration and Plan of Action, adopted at the high-level segment of the fifty-seventh session of the Commission on Narcotic Drugs,<sup>9</sup>

*Reaffirming also* the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>10</sup> in its entirety, reiterating that the operational recommendations contained therein are integrated, indivisible, multidisciplinary, and mutually reinforcing and are aimed at a comprehensive, integrated and balanced approach to addressing and countering the world drug problem,

*Reaffirming further* its commitment to addressing drug-related socioeconomic issues related to the illicit cultivation of narcotic plants and the illicit manufacture and production of and trafficking in drugs through the implementation of long-term, comprehensive and sustainable development-oriented and balanced drug control policies and programmes, including alternative development and, as appropriate, preventive alternative development programmes, which are part of sustainable crop control strategies,

*Recalling* its resolution 68/196 of 18 December 2013, in which it adopted the United Nations Guiding Principles on Alternative Development and encouraged Member States, international organizations, international financial institutions, entities and other relevant stakeholders to take into account the Guiding Principles when designing and implementing alternative development programmes, including, as appropriate, preventive alternative development programmes,

*Considering* the importance of taking into account the local know-how of all relevant stakeholders, including civil society, in the implementation of development projects,

*Recalling* Commission on Narcotic Drugs resolutions 52/6 of 20 March 2009, 53/6 of 12 March 2010, 54/4 of 25 March 2011, 55/4 of 16 March 2012, 57/1 of 21 March 2014 and 58/4 of 17 March 2015,

*Welcoming* the adoption of the 2030 Agenda for Sustainable Development,<sup>11</sup> and stressing that the implementation of the United Nations Guiding Principles on Alternative Development should be aligned with the efforts to achieve those objectives within the Sustainable Development Goals that are related to the work of the Commission on Narcotic Drugs,

*Recognizing* the efforts of Member States to promote the United Nations Guiding Principles on Alternative Development by organizing international seminars and workshops that draw on best practices, lessons learned and local wisdom in alternative development programmes, such as discussed at the Second International Conference on Alternative Development,<sup>12</sup> which focused on enhancing individual and community resilience and recognized alternative development programmes as an example of the sufficiency economy philosophy of King Rama IX of Thailand,

*Reaffirming* that alternative development is an important, lawful, viable and sustainable alternative to the illicit cultivation of drug crops, that it is an effective measure to counter the world drug problem, including illicit drug-related activities, and that it is one of the key components of policies and programmes for reducing illicit drug production,

*Expressing* concern that the illicit cultivation of drug crops and illicit drug production, manufacture, distribution and trafficking remain major challenges in countering the world drug problem, and recognizing the need to strengthen sustainable crop control strategies that may include, inter alia, alternative

development, eradication and law enforcement measures, for the purpose of preventing and reducing significantly and measurably the illicit cultivation of drug crops, and the need to intensify joint efforts at the national, regional and international levels in a more comprehensive manner, in accordance with the principle of common and shared responsibility, including by means of appropriate preventive tools and measures, enhanced and better-coordinated financial and technical assistance and action-oriented programmes, in order to tackle those challenges,

*Noting with concern* that overall financial support for alternative development projects and programmes, including, as appropriate, preventive alternative development projects and programmes, has accounted for only a minor share of official development assistance and has reached only a minor percentage of communities and households involved in illicit drug crop cultivation at the global level,

1. *Urges* Member States, when designing alternative development interventions, to take into due consideration the “Operational recommendations on alternative development; regional, interregional and international cooperation on development-oriented balanced drug policy; addressing socioeconomic issues”, as included in the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”;<sup>10</sup>

2. *Reiterates* its commitment to addressing drug-related socioeconomic issues related to the illicit cultivation of narcotic plants and the illicit manufacture and production of and trafficking in drugs through the implementation of long-term, comprehensive and sustainable development-oriented and balanced drug control policies and programmes, including alternative development and, as appropriate, preventive alternative development programmes, which are part of sustainable crop control strategies;

3. *Urges* Member States to strengthen regional and international cooperation to support sustainable alternative development programmes, including, as appropriate, preventive alternative development, in close collaboration with all relevant stakeholders at the local, national and international levels, and to develop and share best practices towards implementing the United Nations Guiding Principles on Alternative Development,<sup>13</sup> taking into account all the lessons learned and good practices, in particular those of countries with extensive expertise in alternative development;

4. *Reaffirms* the United Nations Guiding Principles on Alternative Development, which highlight that alternative development, as an integral component of policies and programmes for reducing illicit drug production, is an important, viable and sustainable option for preventing, eliminating or significantly and measurably reducing the illicit cultivation of crops used for the production and manufacture of narcotic drugs and psychotropic substances through tackling poverty and providing livelihood opportunities;

5. *Urges* Member States to consider strengthening the development perspective as part of comprehensive, integrated and balanced national drug policies and programmes so as to tackle the related causes and consequences of the illicit cultivation, manufacture and production of and trafficking in drugs by, inter alia, addressing risk factors affecting individuals, communities and society, which may include a lack of services, infrastructure needs, drug-related violence, exclusion, marginalization and social disintegration, in order to contribute to the promotion of peaceful and inclusive societies;

6. *Also urges* Member States to consider elaborating and implementing comprehensive and sustainable alternative development programmes, including

<sup>13</sup> General Assembly resolution 68/196, annex.

preventive alternative development programmes, as appropriate, that support sustainable crop control strategies to prevent and significantly, durably and measurably reduce illicit crop cultivation and other illicit drug-related activities, ensuring the empowerment, ownership and responsibility of affected local communities by taking into account their vulnerabilities and specific needs;

7. *Stresses* that, when designing and implementing comprehensive and sustainable alternative development programmes and projects, including, as appropriate, preventive alternative development programmes and projects, the focus should be on empowering and encouraging ownership by local communities, including women, children and young people, taking into account their specific needs, and on strengthening local capacities, as ensuring the effective cooperation of all stakeholders in the entire alternative development process is crucial for the success of alternative development;

8. *Also stresses* that comprehensive and sustainable alternative development, as one of the tools available for tackling the world drug problem, increases the State's presence, builds trust between communities and government, strengthens local governance and institutions and promotes peaceful and inclusive societies, which, under Sustainable Development Goal 16, includes the promotion of the rule of law;

9. *Encourages* further discussions on the relationship and potential links between alternative development and the promotion of the rule of law by individuals and communities, as well as on the wide range of challenges affecting the livelihoods and well-being of people, in order to further develop measures to address the root causes of such challenges;

10. *Encourages* Member States to ensure the proper and coordinated sequencing of development interventions when designing alternative development programmes;

11. *Also encourages* Member States to promote inclusive economic growth and support initiatives that contribute to poverty eradication and the sustainability of social and economic development, develop measures for rural development, improving infrastructure and social inclusion and protection and addressing the consequences of illicit crop cultivation and the manufacture and production of narcotic drugs and psychotropic substances for the environment, with the incorporation and participation of local communities, and consider taking voluntary measures to promote products stemming from alternative development, including preventive alternative development, as appropriate, to gain access to markets, consistent with applicable multilateral trade rules and national and international law, within the framework of comprehensive and balanced drug control strategies;

12. *Stresses* that access to productive land and land rights, such as legal titles to land for farmers and local communities, should be promoted and protected in the implementation of comprehensive and sustainable alternative development programmes, in a manner that is consistent with domestic law and regulations and with the full participation of and in consultation with local communities;

13. *Encourages* the development of strategies consistent with domestic legal frameworks, including the utilization of local expertise, capacity-building and entrepreneurship, to develop products through alternative development programmes identified on the basis of market demand and value added production chains, as well as secure and stable markets with fair prices for producers, in accordance with international trade rules, including the required infrastructure and a conducive environment, including roads, the establishment of farmer associations and the use of special marketing regimes, for example, those based on fair trade principles and commercialization of organic products;

14. *Encourages* the international community, including civil society, the scientific community and academia, to work with affected communities to develop recommendations focusing on specific alternative development strategies, including,

as appropriate, preventive alternative development strategies, that take into account demographic, cultural, social and geographical conditions and include ideas for supporting and promoting new products;

15. *Calls upon* Member States to apply the United Nations Guiding Principles on Alternative Development when designing, implementing and evaluating alternative development programmes and projects, including, as appropriate, preventive alternative development programmes and projects, and calls upon Member States with experience in this area to share outcomes, assessments of implemented projects and lessons learned, thereby contributing to the dissemination and application of the Guiding Principles;

16. *Urges* Member States to sustain political will and a long-term commitment with regard to implementing alternative development programmes and strategies, and to continue to engage in awareness programmes and in dialogue and cooperation with all relevant stakeholders;

17. *Encourages* the development of viable economic alternatives, particularly for communities affected by or at risk of illicit cultivation of drug crops and other illicit drug-related activities in urban and rural areas, including through comprehensive alternative development programmes, and to this end encourages the consideration of development-oriented interventions, while ensuring that both men and women benefit equally from them, including through job opportunities, improved infrastructure and basic public services and, as appropriate, access and legal titles to land for farmers and local communities, which will also contribute to preventing, reducing or eliminating illicit cultivation and other drug-related activities;

18. *Urges* Member States to consider the development of sustainable urban development initiatives for those affected by illicit drug-related activities, to foster public participation in crime prevention, community cohesion, protection and safety and to stimulate innovation, entrepreneurship and employment;

19. *Urges* relevant international financial institutions, United Nations entities, non-governmental organizations and the private sector, as appropriate, to consider increasing their support, including through long-term and flexible funding, for the implementation of comprehensive and balanced development-oriented drug control programmes and viable economic alternatives, in particular alternative development programmes, including, as appropriate, preventive alternative development programmes, based on identified needs and national priorities, for areas and populations affected by or vulnerable to the illicit cultivation of drug crops, with a view to its prevention, reduction and elimination, and encourages States, to the extent possible, to stay strongly committed to financing such programmes;

20. *Encourages* Member States to strengthen intragovernmental coordination when designing and implementing alternative development projects and programmes;

21. *Encourages* all relevant United Nations entities and specialized agencies to further increase their interaction with the Commission on Narcotic Drugs and the United Nations Office on Drugs and Crime in order to support Member States in effectively implementing alternative development programmes, including, as appropriate, preventive alternative development programmes, with a view to further enhancing coherence and coordination within the United Nations system;

22. *Encourages* development agencies, donors and financial institutions, the private sector, civil society and academia to share information, experiences and best practices, promote research and increase efforts relating to the promotion of alternative development, including, as appropriate, preventive alternative development;

23. *Encourages* Member States to promote partnerships and innovative cooperation initiatives with the private sector, civil society and international financial institutions to create conditions more conducive to productive investments targeted at job creation in areas and among communities affected by or at risk of illicit drug cultivation, production, manufacturing, trafficking and other illicit drug-related activities, in order to prevent, reduce or eliminate those activities, and to share best practices, lessons learned, expertise and skills in this regard;

24. *Recognizes* that more research is needed to better understand and identify factors contributing to the emergence of illicit crop cultivation and to improve impact assessments of alternative development programmes;

25. *Reiterates* that in addition to estimates of illicit cultivation and other illicit activities related to the world drug problem, indicators related to human development, socioeconomic conditions, rural development and the alleviation of poverty, as well as institutional and environmental indicators, should be used when assessing alternative development programmes, and, as appropriate, preventive alternative programmes, in order to ensure that the outcomes are in line with national and international development objectives, including the Sustainable Development Goals, and that they reflect accountable use of donor funds and truly benefit affected communities;

26. *Calls upon* Member States and other donors to consider providing long-term support to alternative development programmes and projects, including preventive alternative development programmes and projects, as appropriate, that target the illicit cultivation of drug crops, in order to contribute to the sustainability of social and economic development and poverty eradication, including through enhanced development-oriented approaches that implement measures for rural development, strengthen local governments and institutions, improve infrastructure, including the provision of public services such as water supply, energy, health and education in areas acutely impacted by the illicit cultivation of drug crops, promote the participation of local communities, enhance the empowerment of people and strengthen the resilience of communities;

27. *Encourages* Member States to maintain and strengthen international, North-South, South-South and triangular cooperation, in accordance with the operational recommendation of the outcome document of the thirtieth special session of the General Assembly to support comprehensive and sustainable alternative development programmes, including, as appropriate, preventive alternative development programmes, as an essential part of successful crop control strategies, in order to increase the positive outcomes of such programmes, especially in areas affected by or at risk of the illicit cultivation of crops used for the production of narcotic drugs, taking into account the United Nations Guiding Principles on Alternative Development;

28. *Encourages* Member States with extensive expertise in alternative development, including, as appropriate, preventive alternative development, to continue to share best practices upon request, promote research to better understand factors contributing to illicit crop cultivation and foster and strengthen international cooperation, including cross-continental, interregional, subregional and regional technical cooperation on integral and sustainable alternative development, which in some cases includes preventive alternative development;

29. *Recognizes* the importance of gender, social inclusion, and cultural identity in the design and implementation of alternative development projects and programmes, including, as appropriate, preventive alternative development programmes, and likewise also recognizes the importance of the participation of communities affected by illicit cultivation of crops in decision-making processes;

30. *Encourages* affected States and relevant development stakeholders to examine innovative ways to promote alternative development programmes,

including, where appropriate, preventive alternative development programmes that are environmentally friendly;

31. *Invites* Member States and other donors to provide extrabudgetary resources for the purposes described above, in accordance with the rules and procedures of the United Nations.

## **B. Draft decisions for adoption by the Economic and Social Council**

2. The Commission recommends to the Economic and Social Council the adoption of the following draft decisions:

### **Draft decision I**

#### **Preparations for the sixty-second session of the Commission on Narcotic Drugs in 2019**

The Economic and Social Council, taking note of resolution 60/1, adopted by the Commission on Narcotic Drugs at its sixtieth session, held in Vienna from 13 to 17 March 2017, which is annexed to the present decision, approves the preparations for the sixty-second session of the Commission, to be held in 2019, as set out in the resolution.

### **Annex**

#### **Commission on Narcotic Drugs resolution 60/1 Preparations for the sixty-second session of the Commission on Narcotic Drugs in 2019**

*The Commission on Narcotic Drugs,*

*Reaffirming* the 2009 Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>14</sup> including the decision to establish 2019 as a target date for the goals set in paragraph 36 of the Political Declaration,

*Reaffirming also* the Joint Ministerial Statement of the 2014 high-level review by the Commission on Narcotic Drugs of the implementation by Member States of the Political Declaration and Plan of Action,<sup>15</sup>

*Recalling* General Assembly resolution 67/193 of 20 December 2012, in which the Assembly decided to convene, in early 2016, a special session on the world drug problem to review the progress made in the implementation of the Political Declaration and Plan of Action, including an assessment of the achievements and challenges in countering the world drug problem, within the framework of the three international drug control conventions and other relevant United Nations instruments,

*Reaffirming* the outcome document of the thirtieth special session of the General Assembly on the world drug problem, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>16</sup> adopted by the General Assembly in its entirety, reiterating the commitments and operational recommendations contained therein, and noting that, in the outcome document,

<sup>16</sup> General Assembly resolution S-30/1, annex.

Member States resolved to take the steps necessary to implement the operational recommendations, in close partnership with the United Nations and other intergovernmental organizations and civil society, and to share with the Commission on Narcotic Drugs, as the policymaking body of the United Nations with prime responsibility for drug control matters, timely information on progress made in the implementation of those recommendations,

*Recalling* General Assembly resolution 70/1 of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”,

*Recalling also* General Assembly resolution 70/299 of 29 July 2016, in which the Assembly encouraged coherence of the General Assembly and its Main Committees, the Economic and Social Council, the specialized agencies and the functional commissions of the Council, and other intergovernmental bodies and forums with the work of the high-level political forum towards the follow-up and review of the implementation of the 2030 Agenda for Sustainable Development,

*Recalling further* General Assembly resolution 71/211 of 19 December 2016, in which the Assembly welcomed the commencement of the follow-up to the implementation of the recommendations set out in the outcome document of its thirtieth special session through the intersessional process of the Commission on Narcotic Drugs and encouraged the Commission to continue working on, and supporting Member States in, the implementation and sharing of best practices corresponding to the seven thematic areas of the outcome document,

*Recalling* Commission on Narcotic Drugs resolution 53/16 of 2 December 2010, in which the Commission requested the Executive Director of the United Nations Office on Drugs and Crime to prepare and submit to the Commission on a biennial basis, on the basis of the responses provided by Member States to the annual report questionnaire, a single report on action taken to implement the Political Declaration and Plan of Action, the first of which was to be examined by the Commission at its fifty-fifth session, in 2012,

*Recalling also* Commission on Narcotic Drugs resolution 56/10 of 15 March 2013, in which the Commission requested the meetings of its subsidiary bodies to contribute to the monitoring of the implementation by Member States of the Political Declaration and Plan of Action at the regional level by discussing regional views and progress made in that regard, and recalling further the invitation set out in General Assembly resolution 71/211 for the Commission to examine how its subsidiary bodies could better contribute to the implementation of the outcome document of the thirtieth special session of the General Assembly,

*Welcoming* the important role played by civil society, in particular non-governmental organizations, in addressing the world drug problem, and stressing the relevance of the contributions by civil society and academia to the work of the Commission on Narcotic Drugs,

*Taking note* of the first, second and third reports of the Executive Director of the United Nations Office on Drugs and Crime on action taken by Member States to implement the Political Declaration and Plan of Action,<sup>17</sup>

*Conscious* of its role as the policymaking body of the United Nations with prime responsibility for drug control matters,

1. *Emphasizes* that the 2009 Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>14</sup> the Joint Ministerial Statement of the 2014 high-level review by the Commission on Narcotic Drugs of the implementation by Member States of the Political Declaration and Plan of Action<sup>15</sup> and the outcome document of the thirtieth special session of the General Assembly on the world drug problem, entitled “Our joint commitment to effectively addressing and countering the world

<sup>17</sup> E/CN.7/2012/14, E/CN.7/2014/7 and E/CN.7/2016/6.

drug problem”,<sup>16</sup> represent the commitments made by the international community over the preceding decade to addressing and countering, in a balanced manner, the world drug problem, and recognizes that those documents are complementary and mutually reinforcing;

2. *Reaffirms* its commitment to implementing effectively the provisions set out in the 2009 Political Declaration and Plan of Action and in the Joint Ministerial Statement;

3. *Recognizes* the special session of the General Assembly on the world drug problem held in 2016 as a milestone in the efforts of the international community to effectively address and counter the world drug problem;

4. *Reaffirms* its commitment to implementing effectively the outcome document of the special session of the General Assembly on the world drug problem held in 2016, which thus represents the most recent consensus;

5. *Decides*, in accordance with a balanced, integrated and comprehensive approach, to continue to hold intersessional meetings to further work on, and support Member States in, the implementation of the outcome document of the special session on the world drug problem and the sharing of best practices corresponding to the seven thematic areas of the outcome document, and to continue to conduct that follow-up process in an inclusive, transparent and comprehensive manner, making use of tools to enhance remote participation, with equal attention paid to all thematic areas and benefiting from the expertise of all relevant stakeholders, recognizing that the implementation of the outcome document contributes to the implementation of the 2009 Political Declaration and Plan of Action and of the 2014 Joint Ministerial Statement;

6. *Requests* the United Nations Office on Drugs and Crime, in close cooperation with Member States and pertinent United Nations entities, intergovernmental and regional organizations and, when appropriate, the scientific community and civil society, to continue to support Member States, upon request, in strengthening their capacity to develop their reporting mechanisms, including by identifying gaps in the current drug statistics and by exploring possibilities to strengthen existing data-collection and analysis tools at the national level;

7. *Invites* the United Nations Office on Drugs and Crime, in close cooperation with Member States, to reflect on possibilities to strengthen and streamline its existing data-collection and analysis tools, including improving the quality and effectiveness of the annual report questionnaire, and to report to the Commission on possible ways to enhance these, for consideration by the Commission at its sixty-second session, and invites Member States to provide extrabudgetary resources for these purposes;

8. *Encourages* the contributions of relevant United Nations entities, international financial institutions and relevant regional organizations, within their respective mandates, to the work of the Commission and the efforts of Member States to address and counter the world drug problem, and to strengthening international and inter-agency cooperation, and also encourages them to make available relevant information to the Commission in order to facilitate its work and to enhance coherence within the United Nations system at all levels with regard to the world drug problem;

9. *Decides* to continue to facilitate, in an inclusive manner, the active participation of civil society, including the scientific community and academia, in the work of the Commission, in accordance with the rules of procedure of the functional commissions of the Economic and Social Council and with the established practice of the Commission;

10. *Also decides* to convene a ministerial segment open to all States Members of the United Nations and interested stakeholders, to be held during its sixty-second session, in Vienna in 2019, which is to last two days in addition to the

five days scheduled for the regular session of the Commission, held in the first half of the year, to take stock of the implementation of the commitments made to jointly address and counter the world drug problem, in particular in the light of the 2019 target date;

11. *Reiterates* that the efforts to achieve the Sustainable Development Goals<sup>18</sup> and to effectively address and counter the world drug problem are complementary and mutually reinforcing, underlines that the Commission on Narcotic Drugs should contribute to the global follow-up and support the thematic review of progress on the Sustainable Development Goals related to its mandate, and in this regard decides to continue to provide input to the high-level political forum on sustainable development, including by providing relevant data, as implementation of the recommendations contained in the outcome document of the thirtieth special session of the General Assembly may contribute to the attainment of the related Sustainable Development Goals;

12. *Requests* the United Nations Office on Drugs and Crime, as the leading entity in the United Nations system for addressing and countering the world drug problem, to enhance, subject to the availability of extrabudgetary resources, technical assistance in consultation with requesting Member States and in cooperation with other relevant United Nations entities and stakeholders;

13. *Also requests* the United Nations Office on Drugs and Crime to provide enhanced technical and substantive support to the Commission on Narcotic Drugs in conducting follow-up to the special session of the General Assembly of the world drug problem held in 2016 and in preparing for the sixty-second session of the Commission, to be held in 2019;

14. *Reiterates* its call upon Member States to submit, in a timely manner and no later than 30 June 2017, their replies to the annual report questionnaire for the preparation of the fourth report of the Executive Director on action taken by Member States to implement the Political Declaration and Plan of Action, to be considered by the Commission on Narcotic Drugs at its sixty-first session, to be held in 2018;

15. *Decides* that the preparations for the ministerial segment of its sixty-second session, to be held in 2019, will be continued during its sixty-first session, to be held in 2018, including at its intersessional meetings.

## **Draft decision II**

### **Improving the governance and financial situation of the United Nations Office on Drugs and Crime: extension of the mandate of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime**

The Economic and Social Council, recalling its decision 2015/234 of 21 July 2015, entitled “Improving the governance and financial situation of the United Nations Office on Drugs and Crime: extension of the mandate of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime”, in which it, inter alia, reaffirmed Commission on Narcotic Drugs resolution 52/13 of 20 March 2009 and Commission on Crime Prevention and Criminal Justice resolution 18/3 of 24 April 2009 and decided to renew the mandate of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime until the part of the sessions of the Commissions to be held in the first half of 2017, at which time the

Commissions would carry out a thorough review of the functioning of the working group and consider the extension of its mandate:

(a) Reaffirms the efficiency of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime;

(b) Also reaffirms the role of the Commission on Narcotic Drugs as the principal policymaking organ of the United Nations on matters of international drug control and as the governing body of the drug programme of the United Nations Office on Drugs and Crime and the role of the Commission on Crime Prevention and Criminal Justice as the principal policymaking organ of the United Nations on matters of crime prevention and criminal justice and as the governing body of the crime programme of the Office;

(c) Expresses once again its continued concern about the governance and financial situation of the Office, and also expresses its awareness of the continued need to address that situation in a pragmatic, results-oriented, efficient and cooperative manner;

(d) Reaffirms Commission on Narcotic Drugs resolution 52/13 and Commission on Crime Prevention and Criminal Justice resolution 18/3, as well as Commission on Narcotic Drugs resolutions 54/10 of 25 March 2011, 54/17 of 13 December 2011, 56/11 of 15 March 2013 and 58/1 of 17 March 2015, and Commission on Crime Prevention and Criminal Justice resolutions 20/1 of 13 April 2011, 20/9 of 13 December 2011, 22/2 of 26 April 2013 and 24/1 of 22 May 2015, and decides to renew the mandate of the working group until the part of the sessions of the Commissions to be held in the first half of 2021, at which time the Commissions should carry out a thorough review of the functioning of the working group and consider the extension of its mandate;

(e) Decides that the working group should hold formal and informal meetings in line with current practice, and that the dates of those meetings should be determined by the Co-Chairs of the working group, in consultation with the Secretariat;

(f) Requests that the relevant documentation be provided to the working group not later than 10 working days before a meeting;

(g) Reiterates the importance of the development by Member States of an indicative annual workplan, taking into account inputs from the Secretariat, in order to guide the work of the working group, and approves the provisional agenda of the working group as set out below:

1. Biennial consolidated budget for the United Nations Office on Drugs and Crime.
2. Governance and financial situation of the United Nations Office on Drugs and Crime.
3. Human resources management at the United Nations Office on Drugs and Crime.
4. Mainstreaming a gender perspective into the practices, policies and programmes of the United Nations Office on Drugs and Crime.
5. Evaluation and oversight.
6. Other matters.

## **Draft decision IV**

### **Report of the International Narcotics Control Board**

The Economic and Social Council takes note of the report of the International Narcotics Control Board for 2016.<sup>19</sup>

## **C. Matters brought to the attention of the Economic and Social Council**

3. The following resolutions adopted by the Commission are brought to the attention of the Economic and Social Council:

### **Resolution 60/2**

#### **Strengthening international cooperation to assist the States most affected by the illicit transit of drugs, especially developing countries, based on the principle of common and shared responsibility**

*The Commission on Narcotic Drugs,*

*Fully aware* that the world drug problem remains a common and shared responsibility that should be addressed in a multilateral setting through effective and increased international cooperation and that it demands an integrated, multidisciplinary, mutually reinforcing, balanced, scientific evidence-based and comprehensive approach,

*Affirming* its unwavering commitment to ensuring that all aspects of demand reduction and related measures, supply reduction and related measures and international cooperation are addressed in full conformity with the purposes and the principles of the Charter of the United Nations, international law and the Universal

<sup>19</sup> E/INCB/2016/1.

Declaration of Human Rights,<sup>20</sup> with full respect for the sovereignty and territorial integrity of States, the principle of non-intervention in the internal affairs of States, all human rights, fundamental freedoms, the inherent dignity of all individuals and the principles of equal rights and mutual respect among States,

*Recalling* that, in the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>21</sup> the Joint Ministerial Statement of the 2014 high-level review by the Commission on Narcotic Drugs of the implementation by Member States of the Political Declaration and Plan of Action<sup>22</sup> and, most recently, the outcome document of the thirtieth special session of the General Assembly on the world drug problem, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>23</sup> Member States recognized that transit States continued to face multifaceted challenges resulting from illicit drug trafficking through their territory and reaffirmed their willingness to cooperate with those States and to assist them in progressively enhancing their capacity to address and counter the world drug problem,

*Recalling also* its relevant resolutions, including resolution 54/15 of 25 March 2011, on the promotion of international cooperation to assist the States most affected by the transit of drugs,

*Recalling further* the relevant resolutions of the General Assembly, including resolutions 65/233 of 21 December 2010, 66/183 of 19 December 2011, 67/193 of 20 December 2012 and 68/197 of 18 December 2013, in which the General Assembly urged Member States to intensify their cooperation with and assistance to transit States affected by illicit drug trafficking, directly or through the competent regional and international organizations, in accordance with article 10 of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988,<sup>24</sup>

*Bearing in mind* that the General Assembly, in its resolutions 69/201 of 18 December 2014 and 70/182 of 17 December 2015, requested the international community, in particular the countries of destination, to continue to provide urgent and sufficient technical assistance and support to the most-affected transit States,

*Acknowledging* that the States most affected by the transit of drugs, especially the developing countries among them, have made important contributions to and sacrifices in countering illicit drug trafficking and preventing illicitly trafficked substances from reaching end markets,

*Emphasizing* afresh the continuing need to provide concrete, sufficient and sustainable technical and capacity-building support to the States most affected by the transit of drugs, especially the developing countries among them, in their efforts to curb illicit drug trafficking and deal with associated challenges,

*Acknowledging* the ongoing cooperation with the States most affected by the transit of drugs and the capacity-building assistance provided to them by Member States, donors and relevant international organizations,

1. *Invites* the international community to continue to provide, bilaterally, multilaterally or through the competent international and regional organizations, in accordance with article 10 of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988<sup>24</sup> and on the basis of the principle of shared responsibility, urgent and sufficient technical assistance and support, upon request, including in the form of training, capacity-building and, where

appropriate, relevant equipment and technological know-how, to the most-affected transit States requesting such assistance and support, in full cooperation with national authorities, in order to promote the capacities of such States to counter the illicit flows of drugs;

2. *Calls upon* the United Nations Office on Drugs and Crime, in collaboration with relevant United Nations entities, in its initiatives and programmes aimed at implementing the operational recommendations contained in the outcome document of the thirtieth special session of the General Assembly,<sup>23</sup> to continue to give sufficient attention to the capacity-building needs of the States most affected by the transit of drugs, especially the developing countries among them, and to assist such States, upon request, in strengthening, on the basis of the integrated, balanced, comprehensive and mutually reinforcing approach to the world drug problem and in accordance with relevant national laws, policies and practices, drug law enforcement, criminal justice, health, human rights, education and socioeconomic development interventions;

3. *Requests* Member States, the United Nations Office on Drugs and Crime and relevant international organizations to continue to assist, upon request, the States most affected by the transit of drugs, especially the developing countries among them, in their efforts aimed at developing coordinated national approaches to supporting drug law enforcement and related investigations, criminal justice responses to drug-related crime, effective border management and cross-border coordination and cooperation to counter inbound and outbound illicit drug trafficking and the illicit proceeds thereof more effectively;

4. *Emphasizes* the need to promote cooperation with and technical assistance to the States most affected by the transit of drugs in developing and implementing comprehensive and integrated policies to address the impact of illicit drug trafficking on increasing drug use in such States, including by reinforcing national programmes with scientific evidence-based practices aimed at prevention, early intervention, treatment, care, rehabilitation, recovery and social reintegration;

5. *Invites* Member States, the United Nations Office on Drugs and Crime, relevant international organizations and civil society organizations to assist, upon request, and to cooperate with the most-affected transit States, in particular the developing countries among them, in expanding drug prevention, treatment and rehabilitation facilities, in particular for women and children in such States;

6. *Calls upon* the United Nations Office on Drugs and Crime to continue to provide, upon request, technical assistance to the States most affected by illicit drug trafficking, especially the developing countries among them, in their national efforts to improve the collection of data on trafficking through such States and the prevalence of and emerging trends in drug use in them;

7. *Urges* financial institutions and relevant international organizations to provide, upon request, the technical and financial assistance necessary for capacity-building in the States most affected by the transit of drugs, including by improving the human resource capacity and necessary infrastructure available in those States, and providing financial support and relevant technical equipment and facilities, thus supporting them to combat drug trafficking, the resultant drug-related crimes and domestic drug use more effectively;

8. *Reiterates* the need to strengthen international cooperation with the most-affected transit States to assist them, upon request, in preventing the illicit inflow of drugs into their territory in order to counter illicit drug trafficking more effectively;

9. *Invites* the most-affected transit States, subject to the provision of international financial assistance, to continue to assess, as appropriate, the impact of technical assistance and capacity-building activities on strengthening measures to address and counter the world drug problem, and emphasizes the importance of such assessment;

10. *Requests* the Executive Director of the United Nations Office on Drugs and Crime to report, as part of existing reporting obligations, to the Commission on Narcotic Drugs at its sixty-second session on the implementation of the present resolution;

11. *Invites* Member States and other donors to provide extrabudgetary resources for these purposes, in accordance with the rules and procedures of the United Nations.

### **Resolution 60/3**

#### **Improving the governance and financial situation of the United Nations Office on Drugs and Crime: recommendations of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime**

*The Commission on Narcotic Drugs,*

*Recalling* its resolution 52/13 of 20 March 2009, entitled “Improving the governance and financial situation of the United Nations Office on Drugs and Crime”, in which it decided to establish a standing open-ended intergovernmental working group on governance and finance, in order to achieve the common objective of strengthening the performance and effectiveness of the United Nations Office on Drugs and Crime,

*Recalling also* Economic and Social Council decision 2009/251 of 30 July 2009, entitled “Frequency and duration of the reconvened sessions of the Commission on Narcotic Drugs and the Commission on Crime Prevention and Criminal Justice”, in which the Council decided that, starting in 2010, the Commission on Narcotic Drugs and the Commission on Crime Prevention and Criminal Justice would hold reconvened sessions on an annual basis in the second half of the year, in order to be able, pursuant to Commission on Narcotic Drugs resolution 52/13 and Commission on Crime Prevention and Criminal Justice resolution 18/3 of 24 April 2009, to consider the reports of and the recommendations proposed by the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime,

*Recalling further* its resolution 59/5 of 22 March 2016, in which it requested the United Nations Office on Drugs and Crime to continue to support Member States, upon request, in mainstreaming a gender perspective in their policies and programmes related to the world drug problem and invited other relevant United Nations entities, within their mandates, to cooperate in that regard,

*Reaffirming* its role as the principal policymaking organ of the United Nations on matters of international drug control and as the governing body of the drug programme of the United Nations Office on Drugs and Crime,

*Reaffirming also* its resolutions 54/10 of 25 March 2011, 56/11 of 15 March 2013 and 58/1 of 17 March 2015, entitled “Improving the governance and financial situation of the United Nations Office on Drugs and Crime: recommendations of the standing open-ended intergovernmental working group on improving the governance and financial situation of the United Nations Office on Drugs and Crime”,

*Concerned* about the governance and financial situation of the United Nations Office on Drugs and Crime, and aware of the need to continue addressing that situation in a pragmatic, results-oriented, efficient and cooperative manner,

1. *Takes note* of the note by the Secretariat on the work of the standing open-ended intergovernmental working group on improving the governance and

financial situation of the United Nations Office on Drugs and Crime<sup>25</sup> in accordance with Commission resolutions 52/13, 54/10, 56/11 and 58/1;

2. *Expresses its appreciation* to the Co-Chairs of the working group for their work and to the Secretariat for its assistance in facilitating the work of the working group, including by providing, inter alia, updates on the financial situation of the United Nations Office on Drugs and Crime and briefings and presentations on thematic and regional programmes and global projects and on evaluation and oversight issues to the working group, and requests the Secretariat to continue providing such necessary assistance, bearing in mind the limited resources available to it;

3. *Welcomes* the established practice of having a clear schedule of meetings and programme of work for the working group, requests that a draft agenda for each meeting of the working group be distributed by the Secretariat no later than 10 working days before the meeting, accompanied by all the relevant documents for the meeting, and reiterates the importance of the development of an indicative annual workplan by Member States, taking into account input from the Secretariat;

### **Continuous support for strengthening the financial situation of the United Nations Office on Drugs and Crime**

4. *Recalls* that the working group has, on several occasions, discussed fundraising issues, so as to ensure adequate, predictable and stable funding, and has also discussed ways to achieve a sustainable balance between core and non-core funding for the United Nations Office on Drugs and Crime, so as to ensure delivery capacity and the sustainability of its thematic, global and regional programmes;

5. *Also recalls* that the working group has been considering the implementation of Commission on Narcotic Drugs resolutions 58/12 of 17 March 2015 and 59/9 of 2 December 2016, and of Commission on Crime Prevention and Criminal Justice resolutions 24/3 of 11 December 2015 and 25/4 of 2 December 2016, and has been briefed on the transition to the full cost recovery funding model and on the implementation of Umoja;

6. *Requests* the working group to continue examining and discussing the funding situation and financial management of the United Nations Office on Drugs and Crime, inter alia, by:

(a) Receiving reports on, and facilitating, the resource mobilization process to promote global and regional programmes of the United Nations Office on Drugs and Crime, stressing their resource requirements, and enhancing funding predictability in line with its biennial strategic frameworks;

(b) Continuing to discuss with the United Nations Office on Drugs and Crime efforts to further encourage donors to provide general-purpose funding, including by further increasing communication and the transparency and quality of reporting, and continuing to discuss the reasons for the low level of general-purpose funding, with a view to restoring an adequate balance between general-purpose and special-purpose funds;

(c) Continuing to study the feasibility, progress and impact of the implementation of full cost recovery and the flexible application and allocation of programme support costs, including how to best apply programme support costs to field offices, with a view to increasing the effectiveness and results of the technical assistance programmes of the Office;

(d) Receiving reports on the impact of the implementation of Umoja on the delivery of the Office's programmes, as well as on savings achieved through that implementation;

<sup>25</sup> E/CN.7/2017/3-E/CN.15/2017/3 and Add.1.

### **Continuous support for promoting an integrated programme approach**

7. *Recalls* that the working group has been following the progress made by the Office in implementing an integrated programming approach aimed at strengthening the links between normative mandates and operational technical assistance and improving linkages between policy, strategic planning, evaluation, programmatic work, mobilization of resources and partnerships with all relevant stakeholders;

8. *Requests* the working group to:

(a) Continue promoting regular dialogue among all Member States, as well as with the Office, on the planning and formulation of the operational activities of the Office, especially with regard to its thematic, global and regional programmes, in line with its biennial strategic frameworks;

(b) Continue receiving information from the Office on progress made in the implementation of country, regional, global and thematic programmes, as well as on progress made with regard to integrating lessons learned and recommendations from evaluations within and across regions, ensuring complementarities among programmes and their alignment with the biennial strategic frameworks of the Office;

(c) Receive regular updates from the United Nations Office on Drugs and Crime on its planned research activities, including thematic, regional and country updates, and publications and the related timelines, including the criteria and methodology that inform the research activities;

(d) Continue discussing with the Office the implementation of results-based management and budgeting;

### **Continuous support for promoting a culture of evaluation within the United Nations Office on Drugs and Crime at all stages of programme planning, development and implementation, and consideration of results achieved**

9. *Recalls* that the working group has been shown numerous presentations on evaluation findings, on which occasions participants have reiterated the importance of having a sustainable, effective and operationally independent corporate evaluation function at the United Nations Office on Drugs and Crime that is focused on the implementation, performance and impact of integrated programmes and their consistency with mandates of the Office;

10. *Requests* the working group to invite the Independent Evaluation Unit to:

(a) Continue providing the working group with findings of the evaluations of the programmes of the United Nations Office on Drugs and Crime;

(b) Continue promoting a culture of evaluation throughout the Office at all stages of programme planning, development and implementation;

(c) Continue working with the Office to monitor the implementation of recommendations made by relevant oversight bodies;

(d) Continue working with the Office to increase coordination between evaluation, audit and other oversight bodies, with the aim of building a continuum of oversight of projects and programmes of the Office;

### **Continuous support for strengthening human resources governance to improve gender balance and geographical representation**

11. *Recalls* that the working group has been discussing the question of geographical representation and gender balance in the composition of the staff of the United Nations Office on Drugs and Crime as part of its efforts to improve the governance of the Office;

12. *Requests* the working group to:

(a) Continue addressing the issue of gender balance and wide geographical representation and its evolution in order to discuss possible measures for further improvement in this area by, inter alia, intensifying outreach efforts;

(b) Continue receiving comprehensive updates, including in a disaggregated way, on the composition of the staff and the recruitment policies of the Office and on steps taken to achieve further improvements in this area;

(c) Invite the Office to provide to the working group updates on best practices and recruitment policies within the United Nations Secretariat aimed at improving geographical representation and gender balance;

#### **Continuous support for gender mainstreaming in the policies and programmes of the United Nations Office on Drugs and Crime**

13. *Recalls* that the working group has been discussing the question of gender mainstreaming in the policies and programmes of the Office as part of its efforts to align its work with the Office's guidance note on gender mainstreaming;

14. *Requests* the working group to:

(a) Continue addressing the question of gender mainstreaming in the policies and programmes of the Office in order to discuss possible measures for further improvement in this area;

(b) Continue receiving updated and comprehensive information on the ways in which gender is mainstreamed into the policies and programmes of the Office.

### **Resolution 60/4**

#### **Preventing and responding to the adverse health consequences and risks associated with the use of new psychoactive substances**

*The Commission on Narcotic Drugs,*

*Concerned* that new psychoactive substances continue to have the potential to pose risks to public health and safety, and noting that evidence-based and timely information to assist in the identification of substances that pose a risk to public health and safety, and information on how to address that risk, is often lacking,

*Welcoming* the adoption of the outcome document of the thirtieth special session of the General Assembly, entitled "Our joint commitment to effectively addressing and countering the world drug problem",<sup>26</sup> in which Member States resolved to strengthen national and international action to address the emerging challenge of new psychoactive substances, including their adverse health consequences,

*Recalling* its resolutions 55/1 of 16 March 2012, 56/4 of 15 March 2013, 57/9 of 21 March 2014, 58/11 of 17 March 2015 and 59/8 of 22 March 2016 on enhancing national and international action on new psychoactive substances, in particular relating to sharing information on supply reduction and demand reduction strategies and on emerging evidence about effective treatment models and by supporting the international drug scheduling system to meet the challenges posed by these substances, and noting that Member States and relevant international and regional organizations need to enhance law enforcement actions in addressing new psychoactive substances,

*Emphasizing* the need to promote technical and financial assistance to countries, in particular developing countries, in effectively addressing the emerging

<sup>26</sup> General Assembly resolution S-30/1, annex.

challenge of new psychoactive substances, including by providing support, training and relevant equipment for prevention and treatment,

*Welcoming* the third expert consultation on new psychoactive substances organized by the United Nations Office on Drugs and Crime and the World Health Organization, held on 3 and 4 May 2016, at which discussions were held on how the World Health Organization might enhance its surveillance of new psychoactive substances in order to strengthen the prioritization of substances reviewed for international control and to alert Member States swiftly to substances of concern,

*Welcoming also* the pilot exercise on the collection of toxicological data on new psychoactive substances conducted by the United Nations Office on Drugs and Crime, in partnership with the International Association of Forensic Toxicologists, held in July and August 2016, during which it was explored how data on the adverse health consequences of the use of new psychoactive substances could be incorporated into the early warning advisory system of the Office in order to inform national and international policy responses,

*Welcoming further* the expert meeting on treating the adverse health consequences of the use of new psychoactive substances held on 20 and 21 September 2016 as part of phase II of the United Nations Office on Drugs and Crime Treatnet strategy and organized in consultation with the World Health Organization, which brought together clinicians with expertise in this field to share experiences and best practice in implementing new psychoactive substance treatment programmes,

*Welcoming* the efforts of Member States to develop treatment guidelines which recognize that there can be similarities and differences in effective treatment responses to the acute and potentially chronic adverse health consequences associated with new psychoactive substances compared with those for other drugs,

*Recognizing* the need for further research into and development of scientific evidence-based responses to help those providing health-care and social services to prevent and address the adverse health consequences associated with new psychoactive substances,

*Recognizing also* that new psychoactive substances can pose challenges for relevant front-line workers, such as health-care and social service providers, law enforcement officers and prison staff, and that such workers may need support and training to prevent and deal effectively with the adverse health consequences and risks associated with such substances,

*Aware* of the global diversity of circumstances faced by Member States relating to the prevalence and use of new psychoactive substances contributing to differing levels and types of associated adverse health consequences and risks that have resulted in different challenges and a variety of legislative responses already taken by Member States,

*Concerned* about the dramatically rising number of new psychoactive substances, and mindful of the challenge that that poses to developing effective health responses and to the timeliness and rate of decision-making with respect to international scheduling and control of the most harmful, prevalent and persistent substances,

*Welcoming* the collaboration and the exchange of data on new psychoactive substances between the World Health Organization, the United Nations Office on Drugs and Crime, the International Narcotics Control Board and the European Monitoring Centre for Drugs and Drug Addiction,

1. *Encourages* Member States to consider developing prevention and treatment models as well as initiatives and measures aimed at minimizing the adverse public health and social consequences associated with the use of new psychoactive substances and to support health-care and social service providers and

relevant front-line workers in preventing and dealing effectively with the adverse health consequences and risks associated with the use of such substances;

2. *Also encourages* Member States to develop and strengthen comprehensive and multidisciplinary responses to the adverse health consequences and risks of new psychoactive substances, involving all relevant sectors;

3. *Invites* Member States, the United Nations Office on Drugs and Crime, the World Health Organization and other relevant international and regional organizations to share experiences and best practices in preventing and addressing the adverse health consequences and risks associated with new psychoactive substances;

4. *Invites* Member States and relevant international and regional organizations, including the European Monitoring Centre for Drugs and Drug Addiction, to continue to share data on new psychoactive substances on a bilateral and multilateral basis, including, where appropriate, data on the pharmacological and toxicological effects of such substances on the human body;

5. *Also invites* Member States and relevant international and regional organizations to exchange information and experiences on trends in the use of new psychoactive substances and on mechanisms for rapidly collecting data on those issues which can be used to promote more timely public health responses, including targeted prevention interventions;

6. *Requests* the United Nations Office on Drugs and Crime, with the support of Member States, the World Health Organization and other relevant international and regional organizations, to incorporate toxicological data, in order to provide information on the adverse health consequences of the use of new psychoactive substances, into the early warning advisory system of the Office, building on existing models of data collection in this area with a view to avoiding duplication of efforts;

7. *Invites* the World Health Organization, with the support of Member States, the United Nations Office on Drugs and Crime and other relevant international and regional organizations, to enhance its surveillance of new psychoactive substances of concern, to regularly update its surveillance list and disseminate it to Member States and relevant international and regional organizations and to issue voluntary public health alerts where there is sufficient evidence that a substance poses a significant risk to public health and safety;

8. *Also invites* the World Health Organization to continue and accelerate its conducting of regular reviews on the most harmful, prevalent and persistent new psychoactive substances and to provide Member States with the opportunity to contribute to the process for prioritizing substances for review;

9. *Further invites* the World Health Organization, in collaboration with the United Nations Office on Drugs and Crime and with the support of Member States and other relevant international and regional organizations, to develop and disseminate the guidance and technical tools necessary to assist health-care and social service providers and relevant front-line workers in preventing, identifying, diagnosing and responding to the adverse health consequences and risks associated with the use of new psychoactive substances;

10. *Invites* Member States to promote technical and financial assistance, especially to developing countries, upon request, in effectively addressing the challenge of new psychoactive substances, including by providing support, training and relevant equipment for prevention and treatment;

11. *Invites* Member States and other donors to provide extrabudgetary resources for these purposes, in accordance with the rules and procedures of the United Nations.

## Resolution 60/5

### **Increasing international coordination relating to precursors and non-scheduled precursor chemicals used in the illicit manufacture of narcotic drugs and psychotropic substances**

*The Commission on Narcotic Drugs,*

*Recalling* the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988,<sup>27</sup> in particular article 12, which lays down the principles and mechanisms for international cooperation and control regarding substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances,

*Recalling also* the provisions of article 13 of the 1988 Convention, which could provide a basis for national responses to the illicit manufacture of narcotic drugs and psychotropic substances involving non-scheduled precursor chemicals,

*Taking note* of the outcomes of the third international conference on precursor chemicals and new psychoactive substances, held in Bangkok in February 2017,

*Recalling* its resolution 54/8 of 25 March 2011 and all prior resolutions in which the Commission on Narcotic Drugs called upon Member States to increase international and regional cooperation to counter the illicit manufacture of and trafficking in drugs, including by strengthening the control of international trade in substances frequently used in the illicit manufacture of drugs and preventing attempts to divert those substances from licit international trade to illicit use,

*Recalling also* its resolution 51/16 of 14 March 2008 on the sharing of information regarding the use of non-scheduled precursor chemicals as substitutes for scheduled substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances and new methods of manufacture of illicit drugs,

*Concerned* that worldwide efforts to reduce the illicit supply of narcotic drugs and psychotropic substances and maintain effective control of scheduled substances are being undermined by drug traffickers, who are increasingly using non-scheduled precursor chemicals as substitutes for scheduled substances in the illicit manufacture of narcotic drugs and psychotropic substances,

*Recognizing* the important work of the International Narcotics Control Board as the principal body and global focal point for the international surveillance of non-scheduled precursor chemicals,

*Reiterating* the importance of further strengthening existing international cooperation mechanisms for the control of precursors, including through the participation of Member States in international operations such as Project Prism and Project Cohesion, with a view to gathering intelligence, on a voluntary basis, on the illicit trade patterns and diversion of targeted notified non-scheduled precursor chemicals,

*Noting* the most recent trends and challenges in precursor control, including diversion from domestic distribution channels as the prevailing method used by traffickers to obtain the chemicals they need, and the ongoing use of non-scheduled precursor chemicals, including “designer” chemicals, as substitutes for precursors for amphetamine-type stimulants and other drugs,

*Concerned* about the increased use of non-scheduled precursor chemicals worldwide and about the fact that the use of non-scheduled precursor chemicals undermines the ability of the international community to prevent the illicit manufacture of narcotic drugs, psychotropic substances and new psychoactive substances,

---

<sup>27</sup> United Nations, *Treaty Series*, vol. 1582, No. 27627.

*Welcoming* the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>28</sup> in particular the operational recommendations related to those concerns,

1. *Requests* the International Narcotics Control Board, in close cooperation with Member States, the United Nations Office on Drugs and Crime and other relevant organizations, to continue to lead the development of new and innovative approaches to better address the issue of non-scheduled precursor chemicals used in the illicit manufacture of narcotic drugs and psychotropic substances, including by updating, publicizing and disseminating the limited international special surveillance list of non-scheduled precursor chemicals of the Board, along with the list of voluntary actions that the Board provided that Governments may take, in accordance with their legal systems;

2. *Invites* Member States to take a range of forward-looking measures with respect to non-scheduled precursor chemicals, such as raising awareness among public authorities, private industry, the health and public safety sectors and other stakeholders of the risk of non-scheduled precursor chemicals being utilized for the illicit manufacture of scheduled precursor chemicals and drugs, securing cooperation from relevant sectors to facilitate the identification of suspicious transactions, as identified by importing, exporting and transit countries in accordance with their national laws, of non-scheduled precursor chemicals, including new and unusual trade patterns, remaining vigilant with respect to the substitution of non-scheduled precursor chemicals for scheduled precursor chemicals in illicit manufacturing processes and sharing information about their activities and findings with other Member States and appropriate organizations as far as practicable and to the extent possible;

3. *Encourages* Member States and relevant international and regional organizations to cooperate closely with the International Narcotics Control Board, in particular under its Project Prism and Project Cohesion, in order to enhance the effectiveness of those international initiatives;

4. *Encourages* Member States, in accordance with their national laws, to consider sending pre-export notifications on a voluntary basis, when appropriate, by using mechanisms such as Pre-Export Notification Online or normal bilateral communication channels, of suspicious consignments, when they are made aware of such suspicious consignments, duly corroborated by the relevant national authorities, of non-scheduled precursor chemicals which are generally believed to be used in the illicit manufacture of drugs, and are included in the international special surveillance list and all regional surveillance lists, including those identified by the International Narcotics Control Board, in accordance with its mandate, in order to enable authorities in the country of destination to verify the purpose of transactions and to react appropriately;

5. *Also encourages* Member States to educate the relevant staff of competent authorities about the tools developed by the International Narcotics Control Board through which competent authorities may learn about the extent and level of legal controls in participating States, as made available by the Board, and invites the competent authorities of Member States to provide such information as they deem appropriate to the trusted relevant stakeholders in the chemical industry, with a view to increasing their level of awareness of the legal and regulatory requirements of transit and destination States;

6. *Recommends* that competent authorities register and use the Precursors Incident Communication System as a means of systematically sharing information about incidents involving not only scheduled but also non-scheduled precursor chemicals and that they submit the names of frequently diverted non-scheduled precursor chemicals, when they come to the notice of competent national

<sup>28</sup> General Assembly resolution S-30/1, annex.

authorities, to the International Narcotics Control Board for possible addition to the limited international special surveillance list of non-scheduled precursor chemicals;

7. *Requests* the International Narcotics Control Board to maintain and continue to improve the Precursors Incident Communication System and Pre-Export Notification Online, and invites Member States to continue to support the United Nations Office on Drugs and Crime and the International Narcotics Control Board in the maintenance and improvement of those tools;

8. *Encourages* Member States to consider applying monitoring measures in accordance with their national laws to detect and prevent diversion and to use established mechanisms for the exchange of information, including through the Precursors Incident Communication System and the annual update and dispatch of information on substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances using form D of the International Narcotics Control Board, on substances not included in Table I or Table II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988<sup>27</sup> that have been used in the illicit manufacture of narcotic drugs and psychotropic substances;

9. *Invites* Governments to consider adopting measures, including, for example, enacting legislation or promulgating administrative procedures, where appropriate, authorizing the suspension of suspicious consignments of non-scheduled precursor chemicals, as identified by importing, exporting and transit countries in accordance with their national laws, and sharing information with the Board in order to prevent diversion;

10. *Encourages* Member States to establish and strengthen voluntary partnerships with industry, in particular the chemical and pharmaceutical industries, including relevant national, regional and international associations where they exist, to take into account the different roles of the relevant operators at the national level and to establish communication channels to report any suspicious orders and transactions, also encourages the use of the *Guidelines for a Voluntary Code of Practice for the Chemical Industry*,<sup>29</sup> issued by the International Narcotics Control Board, and the Board's model memorandum of understanding between Governments and private sector partners, as and where appropriate, bearing in mind the important role that those industries can play in addressing and countering the world drug problem, and further encourages partnering activities between countries with established voluntary industry cooperation mechanisms and countries wishing to develop similar mechanisms;

11. *Invites* Governments to enhance cooperation between regulatory and law enforcement authorities in sharing information, as soon as practically possible, on precursor incidents and, in particular, to provide actionable operational details that would enable follow-up investigations with a view to detecting and identifying trends and criminal networks involved and also to preventing the use of the same modus operandi by traffickers in future;

12. *Invites* Member States to explore new methods, as appropriate, for monitoring and control that do not solely rely on formal controls of individual precursor chemicals;

13. *Encourages* Member States, the International Narcotics Control Board, the United Nations Office on Drugs and Crime and relevant regional and international organizations to collect data, analyse evidence and share information with respect to criminal activities conducted via the Internet relating to precursors, and to continue to strengthen legal, law enforcement and criminal justice responses, based on national legislation, as well as international cooperation, to curb such illicit activities;

<sup>29</sup> United Nations publication, Sales No. E.09.XI.17.

14. *Encourages* Governments to enhance the capacity and effectiveness of national laboratories and promote national, regional and international cooperation among them, as appropriate, for the identification and detection of newly emerging precursor chemicals;

15. *Invites* Governments to consider, on a voluntary basis, a variety of approaches, such as rapid scheduling procedures, the compiling of lists of non-scheduled precursor chemicals with no known legitimate uses but known to be used for illicit drug manufacture, the adoption of provisions which would allow Governments to take action on such non-scheduled precursor chemicals when there is sufficient evidence that they will be used for illicit drug manufacture, and other innovative legislative, regulatory or administrative approaches;

16. *Invites* Member States and other donors to provide extrabudgetary resources for those purposes, in accordance with the rules and procedures of the United Nations.

## **Resolution 60/6**

### **Intensifying coordination and cooperation among United Nations entities and relevant domestic sectors, including the health, education and criminal justice sectors, to address and counter the world drug problem**

*The Commission on Narcotic Drugs,*

*Reaffirming* the Single Convention on Narcotic Drugs of 1961,<sup>30</sup> in which States parties expressed concern for the health and welfare of humankind,

*Reaffirming also* its commitment to the goals and objectives of the three international drug control conventions, including concern about the health and welfare of humankind as well as the individual and public health-related, social and safety problems resulting from the abuse of narcotic drugs and psychotropic substances, in particular among children and young people, and drug-related crime, and reaffirming further its determination to prevent and treat the abuse of such drugs and substances and prevent and counter their illicit cultivation, production, manufacturing and trafficking,

*Reaffirming further* the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem<sup>31</sup> and the Joint Ministerial Statement of the 2014 high-level review by the Commission on Narcotic Drugs of the implementation by Member States of the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>32</sup> and recalling the resolutions adopted by the General Assembly at its twentieth special session,<sup>33</sup>

*Reaffirming* the outcome document of the thirtieth special session of the General Assembly on the world drug problem, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>34</sup> in its entirety, reiterating that the operational recommendations contained therein are integrated, indivisible, multidisciplinary and mutually reinforcing and are aimed at a

comprehensive, integrated and balanced approach to addressing and countering the world drug problem,

*Reaffirming also* that the world drug problem remains a common and shared responsibility that requires effective and increased international cooperation and demands an integrated, multidisciplinary, mutually reinforcing and balanced approach to drug supply and demand reduction strategies,

*Recalling* that the General Assembly, in its resolutions 69/201 of 18 December 2014, 68/197 of 18 December 2013, 67/193 of 20 December 2012 and 65/233 of 21 December 2010, called upon the relevant United Nations agencies and entities and other international organizations, and invited international financial institutions, including regional development banks, to mainstream drug control issues into their programmes, and called upon the United Nations Office on Drugs and Crime to maintain its leading role by providing relevant information and technical assistance,

*Welcoming* the 2030 Agenda for Sustainable Development,<sup>35</sup> and noting that efforts to achieve the Sustainable Development Goals and to effectively address the world drug problem are complementary and mutually reinforcing,

*Reaffirming* its principal role as the policymaking body of the United Nations with prime responsibility for drug control matters and its support and appreciation for the efforts of the United Nations, in particular those of the United Nations Office on Drugs and Crime as the leading entity in the United Nations system for addressing and countering the world drug problem, and reaffirming also the drug treaty-mandated roles of the International Narcotics Control Board and the World Health Organization,

*Reaffirming also* its support and appreciation for the efforts of the United Nations Office on Drugs and Crime as the leading entity in the United Nations system for addressing and countering the world drug problem, and reaffirming further the treaty-mandated role of the International Narcotics Control Board as an independent monitoring body for the implementation of the international drug control conventions, and the role of the World Health Organization as the directing and coordinating authority on international health work, including public health aspects of drug policy, and which, in accordance with its treaty mandates, provides medical and scientific findings and assessments and recommendations to the Commission on Narcotic Drugs,

*Welcoming* the commencement of the follow-up to the implementation of the recommendations contained in the outcome document of the thirtieth special session of the General Assembly through the intersessional process of the Commission on Narcotic Drugs,

*Welcoming also* the signing of the memorandum of understanding between the United Nations Office on Drugs and Crime and the World Health Organization in February 2017, which will facilitate increased collaboration and coordination between these two entities in advancing efforts to address and counter the world drug problem,

*Recognizing* the important role played by the subsidiary bodies of the Commission on Narcotic Drugs,

1. *Recognizes* that addressing and countering the world drug problem remains a common and shared responsibility that requires effective and increased international cooperation and demands an integrated, scientific evidence-based, multidisciplinary, mutually reinforcing and balanced approach;

2. *Encourages* Member States to enhance communication, coordination and collaboration on drug policy issues among relevant domestic sectors, including the health, education, and criminal justice sectors, and, in this regard, also encourages Member States to provide the United Nations Office on Drugs and Crime with

information concerning their efforts to enhance inter-agency communication, coordination and collaboration, including challenges, best practices and lessons learned;

3. *Encourages* the United Nations Office on Drugs and Crime to further increase cooperation and collaboration with all relevant United Nations entities and international financial institutions, within their respective mandates, when assisting Member States in designing and implementing comprehensive, integrated and balanced national drug strategies, policies and programmes, and to keep the Commission on Narcotic Drugs informed in that regard;

4. *Also encourages* the United Nations Office on Drugs and Crime, together with the International Narcotics Control Board, to continue supporting the coordination of drug control policy within the United Nations system, in accordance with their mandates;

5. *Encourages* the International Narcotics Control Board and the World Health Organization to continue to collaborate and coordinate efforts, within their existing mandates, to address and counter the world drug problem, keeping the United Nations Office on Drugs and Crime and the Commission on Narcotic Drugs informed of efforts undertaken in that regard;

6. *Encourages* the continuation of efforts between the United Nations Office on Drugs and Crime, the World Health Organization and the International Narcotics Control Board to improve coordination and collaboration on international drug policy, within their existing mandates, including as follow-on from the thirtieth special session of the General Assembly;

7. *Encourages* all relevant United Nations bodies and specialized agencies to continue supporting the implementation of the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>32</sup> and to identify operational recommendations contained in the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>34</sup> that fall within their area of specialization and to commence or continue implementing those recommendations made in the outcome document that are within their existing mandates, in collaboration and cooperation with the United Nations Office on Drugs and Crime and the International Narcotics Control Board, keeping the Commission on Narcotic Drugs informed of programmes and progress made in that regard;

8. *Invites* Member States to avail themselves of the coordination efforts highlighted in the memorandum of understanding between the United Nations Office on Drugs and Crime and the World Health Organization signed in February 2017, encourages the United Nations Office on Drugs and Crime to continue to strengthen its collaboration with the World Health Organization and to explore, as appropriate, cooperation arrangements with other relevant United Nations agencies and entities, and requests the United Nations Office on Drugs and Crime to periodically brief the Commission on Narcotic Drugs on the progress of its collaborative work undertaken across the United Nations system on global efforts to address and counter the world drug problem in a comprehensive, integrated and balanced manner, including as requested by the General Assembly in its resolution 71/211 of 19 December 2016;

9. *Invites* the United Nations Office on Drugs and Crime to increase efforts to pursue joint initiatives at the policy and programmatic levels with other relevant United Nations agencies and entities, within their existing mandates, as well as regional organizations, and to update and report to the Commission on Narcotic Drugs on progress, including on joint initiatives, at its sixty-first session;

10. *Decides* to continue working with and supporting Member States, upon request, and relevant United Nations entities in the implementation and sharing of

best practices corresponding to the seven thematic areas contained in the outcome document of the thirtieth special session of the General Assembly;

11. *Invites* Member States to inform the Commission about their efforts to implement the recommendations contained in the outcome document through all their relevant activities, including by ensuring that the Commission is informed of regional and domestic concerns, developments and best practices arising from all relevant stakeholders, without prejudice to the ongoing implementation of the Political Declaration and Plan of Action;

12. *Invites* Member States and other donors to consider providing extrabudgetary resources for the purposes described above, in accordance with the rules and procedures of the United Nations.

## **Resolution 60/7**

### **Promoting scientific evidence-based community, family and school programmes and strategies for the purpose of preventing drug use among children and adolescents**

*The Commission on Narcotic Drugs,*

*Recognizing* that the world drug problem continues to constitute a serious threat to public health and safety and the well-being of humanity, in particular children and young people and their families and communities,

*Stressing* the importance of Member States taking into account their applicable human rights obligations, such as the obligations relating to the rights of children stemming from the provisions of the Convention on the Rights of the Child,<sup>36</sup> for its States parties, in the implementation of drug prevention programmes and policies,

*Recalling* the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>37</sup> in which Member States reaffirmed their commitment to investing in and working with youth and to delivering prevention programmes in a range of settings, including in families, schools, workplaces, communities, the media, health and social services and prisons,

*Recalling also* the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>38</sup> in which Member States reiterated their commitment to promoting the health, welfare and well-being of all individuals, families, communities and society as a whole, and facilitating healthy lifestyles through effective, comprehensive, scientific evidence-based demand reduction initiatives at all levels,

*Bearing in mind* the 2030 Agenda for Sustainable Development,<sup>39</sup> target 3.5 of which is the strengthening of the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol,

*Emphasizing* the importance of implementing the *International Standards on Drug Use Prevention*, which constitute a relevant tool by summarizing the currently available scientific evidence and describing interventions and policies and their characteristics that have been found to result in positive prevention outcomes,

*Emphasizing also* the need for effective and practical primary prevention measures that protect people, in particular children and young people, from drug use

initiation by providing them with accurate information about the risks of drug abuse, by promoting skills and opportunities to choose healthy lifestyles and develop supportive parenting and healthy social environments and by ensuring equal access to education and vocational training,

*Stressing* the need to take effective and practical measures to prevent progression to severe drug use disorders through appropriately targeted early interventions for people at risk of such progression,

*Acknowledging* that prevention is one of the main health responses to the world drug problem, and that effective prevention interventions, policies and systems should be developed and implemented in an integrated manner, with an interdisciplinary approach within Governments and international organizations,

*Noting* that the terms “risk factor” and “protective factor”, according to the International Narcotics Control Board in its annual report for 2009,<sup>40</sup> refer to “those attributes or conditions that serve to either increase or decrease the likelihood of drug use”,

*Recognizing* that communities, families and schools share responsibility for the education and welfare of children and adolescents, including in relation to drug use prevention,

*Underlining* the importance of increasing the availability, coverage and quality of scientific evidence-based prevention measures and tools that target relevant age and risk groups in multiple settings, reaching young people in school as well as out of school, among others, through drug abuse prevention programmes, including by using the Internet, social media and other online platforms, developing and implementing prevention curricula and early intervention programmes for use in the education system at all levels, as well as in vocational training, including in the workplace, and enhancing the capacity of teachers and other relevant professionals to provide or recommend counselling, prevention and care services,

*Acknowledging* the need to involve, inter alia, parents, care service providers, teachers, peer groups, health professionals, religious communities, community leaders, social workers, sports associations, media professionals and entertainment industries, as appropriate, in the implementation of prevention programmes,

*Acknowledging also* that the purpose of community, family and school drug prevention programmes is to equip children and adolescents with information about drugs, the life skills and resilience necessary to enable them to deal with different situations without turning to drugs and the ability to resist pressure to use drugs,

*Noting* that, according to the International Narcotics Control Board in its annual report for 2009,<sup>40</sup> family skills training programmes are among the most effective drug use prevention options,

*Bearing in mind* that community, family and school drug prevention programmes and strategies overwhelmingly cover universal or primary prevention, which is appropriate for the population at large, and selective or secondary prevention, which is for groups that are particularly at risk, while indicated or tertiary prevention, which is for individuals who are particularly at risk or who have started to use drugs and are at particular risk of progressing to disorders, is addressed by the health and social sector,

*Acknowledging* that comprehensive and multi-component approaches that combine community, family and school drug prevention programmes and strategies are more effective overall, as they simultaneously address more risk and protective factors,

*Underlining* the importance of further research into community, family and school drug prevention programmes and strategies addressing the needs of children

and adolescents, including into how such programmes and strategies should be designed to meet the specific needs and circumstances of girls and boys and how they can contribute to preventing the use of new psychoactive substances by young people, so as to produce a scientific evidence base,

*Recognizing* the need to evaluate community, family and school drug prevention programmes and strategies addressing the needs of children and adolescents also from a gender perspective by collecting and sharing quantitative and qualitative data disaggregated by age and sex,

1. *Calls upon* Member States, in accordance with national and domestic legislation, to develop, implement, monitor and evaluate scientific evidence-based community, family and school age- and gender-sensitive drug prevention programmes and strategies addressing the needs of children and adolescents;

2. *Encourages* Member States to use the *International Standards on Drug Use Prevention* in the development, implementation, monitoring and evaluation of community, family and school drug prevention programmes and strategies addressing the needs of children and adolescents;

3. *Also encourages* Member States to use, inter alia, the *Guide to Implementing Family Skills Training Programmes for Drug Abuse Prevention*,<sup>41</sup> *Schools: School-Based Education for Drug Abuse Prevention*,<sup>42</sup> *Monitoring and Evaluating: Youth Substance Abuse Prevention Programmes*<sup>43</sup> and *Preventing Child Maltreatment: a Guide to Taking Action and Generating Evidence*<sup>44</sup> for the purposes noted above;

4. *Invites* Member States to involve, as appropriate, children and adolescents in the development, implementation, monitoring and evaluation of community, family and school drug prevention programmes and strategies;

5. *Also invites* Member States to exchange good practices related to the development, implementation, monitoring and evaluation of community, family and school drug prevention programmes and strategies targeting children and adolescents;

6. *Requests* the United Nations Office on Drugs and Crime to support research into community, family and school drug prevention programmes and strategies targeting children and adolescents, especially in low- and middle-income countries, including the potential for such programmes and strategies to be replicated and scaled, while maintaining their integrity;

7. *Also requests* the United Nations Office on Drugs and Crime to provide technical assistance to Member States, in particular developing countries, upon request, for the development, implementation, monitoring and evaluation of community, family and school drug prevention programmes and strategies;

8. *Encourages* Member States to consider providing technical assistance, upon request, for these purposes through bilateral and multilateral channels;

9. *Requests* the Executive Director of the United Nations Office on Drugs and Crime to submit a report to the Commission on Narcotic Drugs at its sixty-second session on the implementation of the present resolution;

10. *Invites* Member States and other donors to provide extrabudgetary resources for these purposes, in accordance with the rules and procedures of the United Nations.

## Resolution 60/8

### **Promoting measures to prevent HIV and other blood-borne diseases associated with the use of drugs, and increasing financing for the global HIV/AIDS response and for drug use prevention and other drug demand reduction measures**

*The Commission on Narcotic Drugs,*

*Reaffirming* the commitments of the Single Convention on Narcotic Drugs of 1954 as amended by the 1972 Protocol,<sup>45</sup> the Convention on Psychotropic Substances of 1971<sup>46</sup> and the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988,<sup>47</sup> in which States parties expressed concern for the health and welfare of humankind,

*Reiterating* its commitment to the 2009 Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>48</sup> in which Member States noted with great concern the adverse consequences of drug abuse for individuals and society as a whole, reaffirmed their commitment to tackling those problems in the context of comprehensive, complementary and multisectoral drug demand reduction strategies, in particular such strategies targeting youth, also noted with great concern the alarming rise in the incidence of HIV/AIDS and other blood-borne diseases among injecting drug users, and reaffirmed their commitment to working towards the goal of universal access to comprehensive prevention programmes and treatment, care and related support services, in full compliance with the international drug control conventions and in accordance with national legislation, taking into account all relevant General Assembly resolutions,

*Recalling* the outcome document of the thirtieth special session of the General Assembly on the world drug problem, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>49</sup> in which relevant national authorities were invited to consider, in accordance with their national legislation and the three international drug control conventions, including in national prevention, treatment, care, recovery, rehabilitation and social reintegration measures and programmes, in the context of comprehensive and balanced drug demand reduction efforts, effective measures aimed at minimizing the adverse public health and social consequences of drug abuse, including appropriate medication-assisted therapy programmes, injecting equipment programmes, pre-exposure prophylaxis, antiretroviral therapy and other relevant interventions that prevent the transmission of HIV, viral hepatitis and other blood-borne diseases associated with drug use, as well as consider ensuring access to such interventions, including in treatment and outreach services, prisons and other custodial settings, and promoting in that regard the use, as appropriate, of the *Technical Guide for Countries to Set Targets for Universal Access to HIV Prevention, Treatment and Care for Injecting Drug Users*, issued by the World Health Organization, the United Nations Office on Drugs and Crime and the Joint United Nations Programme on HIV/AIDS,

*Recalling also* the commitments made in the Political Declaration on HIV and AIDS: On the Fast Track to Accelerating the Fight against HIV and to Ending the AIDS Epidemic by 2030,<sup>50</sup> in which Member States noted with alarm that people who inject drugs are 24 times more likely to acquire HIV than adults in the general population,

<sup>49</sup> General Assembly resolution S-30/1, annex.

<sup>50</sup> General Assembly resolution 70/266, annex.

*Reaffirming* that the United Nations Office on Drugs and Crime is the leading entity in the United Nations system for addressing and countering the world drug problem and the convening agency for addressing HIV and drug use, and HIV in prison settings, within the Joint United Nations Programme on HIV/AIDS division of labour, in close partnership with the World Health Organization and the secretariat of the Joint United Nations Programme on HIV/AIDS and in collaboration with other co-sponsors of the Programme,

*Recalling* its resolution 56/6 of 15 March 2013 concerning intensifying the efforts related to HIV and AIDS among people who use drugs, resolution 54/13 of 25 March 2011 on achieving zero new infections of HIV among injecting and other drug users, and resolution 53/9 of 12 March 2010 on achieving universal access to prevention, treatment, care and support for drug users and people living with or affected by HIV,

*Taking note* of the report of the Joint United Nations Programme on HIV/AIDS entitled *Get on the Fast Track: the Life Cycle Approach to HIV*,<sup>51</sup> according to which the available data suggest that new HIV infections among people who inject drugs globally climbed from an estimated 114,000 in 2011 to 152,000 in 2015, resulting in a failure to achieve the target of reducing transmission of HIV among people who inject drugs by 50 per cent by 2015,

*Recalling* the 2030 Agenda for Sustainable Development,<sup>52</sup> in which Heads of State and Government pledged that no one would be left behind, and recalling also their commitment to ending, by 2030, the epidemics of AIDS and tuberculosis, as well as to combating viral hepatitis and other communicable diseases, inter alia, among people who use drugs, including people who inject drugs,

*Reaffirming* its commitment to promoting the health, welfare and well-being of all individuals, families, communities and society as a whole, and facilitating healthy lifestyles, through effective scientific evidence-based demand reduction initiatives at all levels, covering, in accordance with national legislation and the three international drug control conventions, prevention, early intervention, treatment, care, recovery, rehabilitation and social reintegration measures, as well as initiatives and measures aimed at minimizing the adverse public health and social consequences of drug abuse,

*Welcoming* the decision taken by the Programme Coordinating Board of the Joint United Nations Programme on HIV/AIDS at its thirty-ninth meeting, held from 6 to 8 December 2016, to encourage all co-sponsors, including the United Nations Office on Drugs and Crime, to continue to mitigate the impact of the budgetary shortfall through efficiencies and through renewed and innovative resource mobilization strategies, including by broadening the donor base, and to work towards greater accountability and clearer reporting that more effectively demonstrates the contribution of all co-sponsors, including the United Nations Office on Drugs and Crime,

*Noting with concern* that overall investments in the HIV/AIDS response in low- and middle-income countries have fallen since 2013 and that related spending by donor Governments declined by more than \$1 billion in 2015, highlighting a downward trend in the availability of resources and funding for the global HIV/AIDS response, in particular for programmes targeting the prevention and treatment of HIV among people who use drugs,

1. *Urges* Member States, in the context of addressing and countering the world drug problem, to strengthen their domestic and global efforts, including through their health systems, to ensure continued political commitment to effectively addressing and countering HIV/AIDS among people who use drugs, in particular people who inject drugs, and to strive to achieve target 3.3 of the

Sustainable Development Goals (“By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases”), and target 3.5, (“Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol”), and related targets;

2. *Requests* the United Nations Office on Drugs and Crime, as the convening agency of the Joint United Nations Programme on HIV/AIDS for matters relating to HIV/AIDS and drug use and to HIV/AIDS in prisons, to continue to provide, through its HIV/AIDS Section, its leadership and guidance on those matters, in partnership with relevant United Nations and government partners and other relevant stakeholders, such as civil society, affected populations and the scientific community, as appropriate, and to continue to support Member States, upon their request, in their efforts to increase their capacity and mobilize resources, including national investment, for the provision of comprehensive HIV prevention and treatment programmes;

3. *Urges* Member States and other donors to continue to provide bilateral and other funding for the global HIV/AIDS response, including to the Joint United Nations Programme on HIV/AIDS, and to strive to ensure that such funding contributes to addressing the growing HIV/AIDS epidemic among people who inject drugs, and HIV/AIDS in prison settings, in the spirit of the pledge made in the 2030 Agenda for Sustainable Development to leave no one behind;

4. *Encourages* Member States and other donors to make extrabudgetary contributions to the HIV/AIDS work of the United Nations Office on Drugs and Crime to secure adequately financed, targeted and sustainable responses related to HIV and drug use, and HIV in prison settings, in accordance with the rules and procedures of the United Nations;

5. *Requests* the United Nations Office on Drugs and Crime to engage fully in the work and consultations of the Global Review Panel on the Future of the Joint Programme Model of the Joint United Nations Programme on HIV/AIDS to make recommendations for a sustainable and fit-for-purpose Joint United Nations Programme on HIV/AIDS by revising and updating the operating model with a focus on joint work, financing, accountability and governance;

6. *Also requests* the United Nations Office on Drugs and Crime to continue to inform Member States, on a yearly basis, about the measures taken to prevent new HIV infections among people who use drugs, and to provide HIV treatment, care and support to people who use drugs, as well as in prison settings, and about necessary and available funding for relevant programmes and projects of the Office, including implementation of interventions contained in the *Technical Guide for Countries to Set Targets for Universal Access to HIV Prevention, Treatment and Care for Injecting Drug Users*, issued by the World Health Organization, the United Nations Office on Drugs and Crime and the Joint United Nations Programme on HIV/AIDS;

7. *Invites* Member States and other donors to provide extrabudgetary resources for these purposes, including the work of the United Nations Office on Drugs and Crime to strengthen comprehensive and scientific evidence-based drug demand reduction, including in the areas of prevention, early intervention, treatment, care, recovery, rehabilitation and social reintegration, as well as initiatives and measures aimed at minimizing the adverse public health and social consequences of drug abuse, as appropriate, in accordance with the rules and procedures of the United Nations.

## Resolution 60/9

### **Enhancing the capacity of law enforcement, border control and other relevant agencies to counter illicit drug trafficking through training**

*The Commission on Narcotic Drugs,*

*Concerned* by the threat posed by the illicit cultivation, production of and trafficking in narcotic drugs and psychotropic substances,

*Recognizing* the increasing sophistication of methods, routes and techniques of drug trafficking employed by drug traffickers and transnational criminal organizations, including the development of new psychoactive substances, methods of concealment and drug-related criminal activities, inter alia, by using the Internet, and noting the many challenges faced by the competent law enforcement, border control and other relevant agencies in their efforts to counter drug trafficking and other drug-related crimes,

*Emphasizing* the need to increase the level of knowledge of relevant national authorities with regard to illicit drug markets and drug-related criminal activities and to enhance their competence with a view to enhancing the effectiveness of the countering of trafficking in narcotic drugs and psychotropic substances and the diversion of their precursors and of other drug-related crimes through monitoring, prevention, detection and prosecution, in accordance with the three international drug control conventions and other relevant United Nations instruments,

*Recognizing* that education and training are among the basic prerequisites for the efficient performance of the various tasks that law enforcement, border control and other relevant agencies and their officials must carry out in order to address and counter the world drug problem and drug-related offences,

*Recalling* that in the Political Declaration and Plan of Action on International Cooperation towards an Integrated and Balanced Strategy to Counter the World Drug Problem,<sup>53</sup> Member States recognized the need to train law enforcement personnel to utilize the tools available in the international framework and stated that they should further develop and improve domestic and international training and awareness-raising efforts for law enforcement capacity-building, while ensuring the coordination of international training and awareness-raising efforts in order to avoid duplication,

*Recalling also* the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>54</sup> and in particular the operational recommendation on the promotion of training programmes for border control and law enforcement agencies at all levels in order to identify, disrupt and dismantle organized criminal groups operating transnationally that are involved in any activities related to the illicit production of and trafficking in narcotic drugs and psychotropic substances and the diversion of their precursors and related money-laundering,

*Recalling further* that in the outcome document of the thirtieth special session of the General Assembly, Heads of State and Government recommended that Member States, inter alia, mainstream a gender perspective into and ensure the involvement of women in all stages of the development, implementation, monitoring and evaluation of drug policies and programmes and develop and disseminate gender-sensitive and age-appropriate measures that take into account the specific

needs and circumstances faced by women and girls with regard to the world drug problem,

*Recalling* the Code of Conduct for Law Enforcement Officials,<sup>55</sup> adopted by the General Assembly in its resolution 34/169 of 17 December 1979, as well as the Guidelines for the Effective Implementation of the Code of Conduct,<sup>56</sup> adopted by the Economic and Social Council in its resolution 1989/61,

*Bearing in mind* the United Nations Declaration on Human Rights Education and Training,<sup>57</sup> in which the General Assembly declared that States and, where applicable relevant governmental authorities, should ensure adequate training in human rights, and where appropriate, international humanitarian law and international criminal law, of law-enforcement officials,

*Recalling* the relevant resolutions of the Economic and Social Council, including resolution 2003/32 of 22 July 2003, in which the Council urged relevant international organizations, in consultation with the United Nations Office on Drugs and Crime, to provide financing for the training of experts in various subjects related to addressing and countering the world drug problem, with particular emphasis on preventive measures and areas such as precursor control, drug-testing laboratories and laboratory quality assurance, countering money-laundering and drug abuse prevention,

*Recalling also* the relevant resolutions of the General Assembly, including the outcome document of the thirtieth special session, in which Heads of State and Government recommended that Member States promote and strengthen the exchange of information and, as appropriate, drug-related criminal intelligence among law enforcement and border control agencies, including through the United Nations Office on Drugs and Crime multilateral portals and regional information centres and networks, and promote joint investigations and coordinate operations, in conformity with national legislation, and training programmes at all levels, in order to identify, disrupt and dismantle organized criminal groups operating transnationally that are involved in any activities related to the illicit production of and trafficking in narcotic drugs and psychotropic substances and the diversion of their precursors and related money-laundering,

*Recalling further* its relevant resolutions, in which it urged the United Nations Office on Drugs and Crime and Member States with the capacity to do so to organize training for the law enforcement, border control and other relevant agencies in order to strengthen the capacities of those agencies to respond to drug-related threats, including those posed by synthetic drugs, and by the diversion of precursor chemicals,

*Welcoming* all relevant mechanisms and initiatives to enhance regional cooperation between law enforcement, border control and other relevant agencies, including the development of regional and subregional capacities to prevent and counter illicit trafficking in narcotic drugs, psychotropic substances and precursor chemicals in, to and from the region, and highlighting the importance of further strengthening the cooperation between the United Nations Office on Drugs and Crime and Member States in this regard,

*Recalling* that in the outcome document of the thirtieth special session of the General Assembly, Heads of State and Government recommended that Member States respond to the serious challenges posed by the increasing links between drug trafficking, corruption and other forms of organized crime, including trafficking in persons, trafficking in firearms, cybercrime and money-laundering, and, in some cases, terrorism, including money-laundering in connection with the financing of terrorism, by using an integrated, multidisciplinary approach,

<sup>55</sup> General Assembly resolution 34/169, annex.

<sup>56</sup> Economic and Social Council resolution 1989/61, annex.

<sup>57</sup> General Assembly resolution 66/137, annex.

1. *Calls upon* Member States to further strengthen their training for law enforcement, border control and other relevant officials, including by enhancing training on knowledge and skills and implementing specialized training programmes on methodologies for countering illicit drug cultivation, production, manufacturing and trafficking in drugs and preventing the diversion of precursors to illicit trade and other forms of drug-related crime that incorporate a human rights as well as a gender perspective into their curricula, and, where appropriate, to strengthen legislative frameworks in that area;
2. *Encourages* Member States to include in their training programmes measures to reinforce respect for the rule of law, including raising awareness among their law enforcement, border control and other relevant officials with regard to respecting the rights of all persons, without discrimination on any ground;
3. *Recommends* that Member States, within their national contexts, instruct their drug law enforcement, border control and other relevant officials regarding the standards set forth in the Code of Conduct for Law Enforcement Officials<sup>55</sup> in their training and refresher courses and to make the Code or the standards of the Code available to law enforcement officials and competent authorities in their own languages;
4. *Calls upon* Member States, through bilateral, regional and international cooperation, to jointly implement training programmes for competent law enforcement, border control and other relevant agencies in order to strengthen their capacity to identify, disrupt and dismantle criminal groups operating transnationally that are involved in any activities related to the illicit production of and trafficking in narcotic drugs and psychotropic substances, the diversion of their precursors and other drug-related criminal activities, as identified in the outcome document of the thirtieth special session of the General Assembly;
5. *Also calls upon* Member States, in cooperation with the United Nations Office on Drugs and Crime, to assist and participate in regional, interregional and international programmes to train law enforcement, border control and other relevant officials in the areas of counter-narcotics and related anti-corruption activities;
6. *Requests* the United Nations Office on Drugs and Crime to support Member States, at their request, in the training of law enforcement, border control and other relevant officials in various subjects relating to addressing and countering the world drug problem, with particular emphasis on emerging challenges and threats, such as the proliferation of new psychoactive substances and drug-related criminal activities using the Internet, and in forensic science in the context of drug investigations, including the quality and capacity of drug analysis laboratories, as well as in dismantling illicit laboratories, with a view to maintaining the appropriate international level of training activities;
7. *Also requests* the United Nations Office on Drugs and Crime to periodically assess, at the request of Member States, the needs of those States with regard to the training of law enforcement, border control and other relevant officials, in order to better adapt existing training programmes to local conditions, bearing in mind that such training is often most efficiently implemented on a regional basis;
8. *Welcomes* the efforts of the United Nations Office on Drugs and Crime to assist in the application of innovative methods of training of law enforcement, border control and other relevant officials, including through e-learning, and invites Member States to apply such methods in their relevant domestic training programmes on drug-related issues;
9. *Urges* the United Nations Office on Drugs and Crime, in cooperation with other relevant regional, interregional and international organizations and Member States, to coordinate regional, interregional and international efforts relating to training in drug-related issues for law enforcement, border control and

other relevant officials, in order to avoid the duplication of functions and enhance the sustainability of training activities, including through assistance in the monitoring and evaluation of training outcomes, where appropriate;

10. *Urges* relevant international organizations, in consultation with the United Nations Office on Drugs and Crime, as appropriate, to provide financing and other support for the training of law enforcement, border control and other relevant officials in various subjects related to addressing and countering the world drug problem, including preventive measures, and areas such as precursor chemical control, drug-testing laboratories and laboratory quality assurance, as well as countering money-laundering;

11. *Encourages* Member States, in cooperation with the United Nations Office on Drugs and Crime, to promote networking between institutions that develop and deliver training on countering illicit drug trafficking and other related offences and the sharing of best practices in the area of training;

12. *Calls upon* the United Nations Office on Drugs and Crime to assist Member States, upon request, in strengthening national institutions that develop and deliver training on countering illicit drug trafficking and other related offences;

13. *Requests* the Secretariat of the United Nations Office on Drugs and Crime to report to the Commission on Narcotic Drugs on the implementation of the present resolution at its sixty-second session;

14. *Invites* Member States and other donors to provide extrabudgetary resources for the purposes described above, in accordance with the rules and procedures of the United Nations.

## **Decision 60/1**

### **Strengthening the subsidiary bodies of the Commission on Narcotic Drugs**

In response to the invitation contained in paragraph 97 of General Assembly resolution 71/211 of 19 December 2016, and mindful of the requests contained in Commission on Narcotic Drugs resolution 56/10 of 15 March 2013 and the operational recommendation contained in paragraph 6 (c) of the outcome document of the thirtieth special session of the General Assembly, entitled “Our joint commitment to effectively addressing and countering the world drug problem”,<sup>58</sup> the Commission, at its 9th meeting, on 17 March 2017, decided:
