

8. *Encourages* Member States, in accordance with their national legislation, to include in their capacity-building and training programmes information on the impact of stigmatizing attitudes on the availability of, access to and delivery of comprehensive, scientific evidence-based drug demand reduction services and related measures, including for people impacted by social marginalization;

9. *Also encourages* Member States, in developing comprehensive, scientific evidence-based drug demand reduction services and related measures, and in facilitating access to such measures, including for people impacted by social marginalization, to take an integrated and balanced approach, and to protect and promote all human rights, and notes that such efforts constitute a step forward in achieving all relevant Sustainable Development Goals;

10. *Requests* the United Nations Office on Drugs and Crime, as the leading entity in the United Nations system for addressing and countering the world drug problem, to assist Member States, upon request, in facilitating access to comprehensive, scientific evidence-based drug demand reduction services and related measures, including for people impacted by social marginalization, and to pursue and coordinate efforts relating to joint initiatives at the policy and programmatic levels with other relevant United Nations entities, within their existing mandates, as well as with relevant international and regional organizations, and to provide updates to the Commission on Narcotic Drugs in this regard;

11. *Also requests* the United Nations Office on Drugs and Crime to report to the Commission on Narcotic Drugs at its sixty-sixth session on how the Office has implemented the aspects of the present resolution that are relevant to its work;

12. *Invites* Member States and other donors to provide extrabudgetary resources for these purposes, in accordance with the rules and procedures of the United Nations.
