INDONESIA (SECOND MEETING)

Through the Presidential Instruction No. 9/2011, the Government of Indonesia launched the National Strategy and Plan of Action on the Prevention and Eradication of Corruption for the period of 2010-2025. This Instruction strengthened the previous Presidential Instruction 5/2004 and the Plan of Action for the period of 2004-2009. There are 6 (six) national strategies in the new Presidential Instruction that in harmony with UNCAC, namely: prevention, criminalization, harmonization of laws and regulations, asset recovery, international cooperation and reporting mechanism. Various preventive measures have been designed among others: (a) series of discussions at the national and provincial level to disseminate and raise the awareness of national stakeholders on the National Strategy and Plan of Action; (b) established the Anti Corruption Forum as a forum among the non-governmental organizations to observe the effective implementation of the National Strategy at the national and provincial level.
