OVERVIEW

The Technical Guide, developed in the context of the Youth Crime Prevention through Sport Initiative under the Global Programme for the Implementation of the Doha Declaration, provides comprehensive guidance on how sport and sport-based programmes can be used in the context of Preventing Violent Extremism (PVE) to address related risk and protective factors.

The event will highlight the important role that sport can play in preventing violent extremism and will serve to share experiences from states and civil society organizations on the effective integration of sport in national policy frameworks and the implementation of sport-based programmes.
