

Police Reform in Kenya - Basket Fund Bulletin

Launch of the National Police Service Roadmap to Transformation

Inspector General Boynet launched a Basket Fund-supported flagship reforms campaign in Nyeri on 23 August to 900 police officers. The nationwide campaign will train police station commanders on key reforming tasks that they will be expected to deliver in order to implement 30+ reforming policies developed to operationalize the NPS Act (2011). The campaign commences in Nyeri, Nyandarua and Laikipia counties, before proceeding to Migori, Homa Bay, Kisii and Nyamira counties.

The launch was covered:

- On national TV at https://m.youtube.com/watch?v=6RK_Ey0TuMk
- And on the front page of the UNODC website at http://kenya_police-launch-reform-campaign

Finalization of IPOA's Manual on Evidence-based Monitoring of Police Operations

Through the support of the Basket Fund, the development of a Training Manual on Evidence-Based Monitoring of Police Operations for IPOA was finalized by Sean Tait a consultant from APCOF. The Manual will guide IPOA in undertaking independent investigations of policing operations and recommend remedial action, where necessary. The Manual has now been submitted to IPOA for their endorsement before it is operationalized.

NPS County Commanders' from Nyeri, Nyandarua and Laikipia Trained

On 24 and 25 August 2016, the Basket Fund supported training of 9 NPS County Commanders in the Roadmap to Transformation. Drawn from Nyeri, Nyandarua and Laikipia counties, the Commanders identified forty Action Points ('quick wins') for their Station and Post Commanders in order to implement the 30+ reforming policies contained in the Reforms Toolkit/Handbook. Progress against the key milestones will be channeled back to the Inspector General's office.

NPS Station and Post Commanders' Transformation Workshop

Nyeri's station and post commanders were trained in the key reforming action points deriving from the Roadmap to Transformation and the 30+ policies which constitute the reforms package. They now have action points on human rights, anti-corruption and gender mainstreaming which will enable those policies/strategies to be embedded in their everyday functioning. The 4-day training, held in the last week of August, was conducted by the NPS's volunteer reform champions, a group well supported by the Basket Fund to develop their skills as messengers of change.
