Saint Lucia National Crime Victimization Survey (SLNCVS)

10.3% of the population aged 18+ in Saint Lucia experienced at least one type of situation related to sexual harassment.

- 81% Females
- 17.6% Males
- 1.4% Intersex

Only 4.5% were reported to any competent authority.

Context of the sexual harassment incidents:

- 62.3% occurred in the street
- 83.1% of the perpetrators were male
- 41.2% of perpetrators were unknown to the victim

Proportion of population that feel safe walking alone around the area they live:

- 61.7%圣路西亚
- 49.9%男性
- 72.5%女性

16.3.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months

From the 59,244 persons that had at least one contact with a public official, a total of 199 persons (0.33%) were victims of bribery.

The institutions with whom these incidents occurred:

- 53.1% Public utility agents (water, electricity, etc.)
- 26.6% Land registry employees
- 11.4% Police
- 8.9% Safety guards in public institutions

This Survey is a complementary source of information for Police Records that provides quality evidence to monitor the progress of 5 indicators of the 2030 Agenda.

18% of population aged 18+ was victim of at least one type of crime

SLNCVS provides evidence to support the Safe City Plan, the Strategic Crime Fighting Initiative and the RSLPF Strategic Plan 2018 - 2025.
