Foreword

It is my pleasure to present this Action Plan for Strengthening the Integrity and Capacity of the Justice System in Enugu State, which was developed and endorsed by the Stakeholders at the state Integrity Meeting for the Judiciary, held on 15 and 16 November 2007 at the Protea Hotel, Enugu. After Extensive stakeholder input and consultations, the Implementation Committee for the Action Plan has further reviewed and developed the Action Plan to its present status. As such, this action plan is a testimony to our continuous strives towards excellence in the Enugu state judiciary

While appreciating that our goals are ambitious, we are encouraged by the support we continue to receive from our international partners especially the European Union and United Nations Office on Drugs and Crime, as well as the broad involvement of all stakeholders in the planning exercise. We are therefore confident that this Action Plan will boost Justice Sector Reform in Enugu State.

In this regard, we should draw confidence from what has been achieved so far. The preliminary findings of the Assessment of the Justice Sector in Enugu State, a study which was conducted with the support of the United Nations Office on Drugs and Crime and the European Commission, suggest that we are moving in the right direction. Enugu state has shown great improvements in the area of Access to Justice. The survey finds that in 2007 61% of prisoners awaiting trial in Enugu state were aware of the conditions for bail. This means that our efforts to ensure that our citizens have access to justice especially the vulnerable ones are yielding fruit. As a result, our citizens show greater confidence in our ability to meet their needs and can rest assure that the Judiciary will respond to their needs and aspirations.

Yet, the real work is just starting. It is only if we all contribute our quota to the implementation of this Plan that we will be able to deliver on its ambitious objectives of enhancing access to justice, improving timeliness and quality of justice delivery, strengthening independence, accountability and integrity of the justice sector institutions as well as increasing coordination in the criminal justice system. It is against this background that I call upon all stakeholders in the Executive and Legislative Branches of Government, the Nigerian Bar Association, the Police and Prison Services, Non-Governmental Organizations and the Civil Society, as well as my learned colleagues on the Bench to step-up their relentless efforts in improving the services we deliver to our citizens and those who come to our country to invest and participate in our economy, and to punish effectively those who violate our laws, and protect the poor and the weak.

Hon. Justice I.A. Umezulike. OFR,
Chief Judge, Enugu State
