Are anti-corruption commitments delivered?

QUALITY OF ANTI-CORRUPTION COMMITMENTS

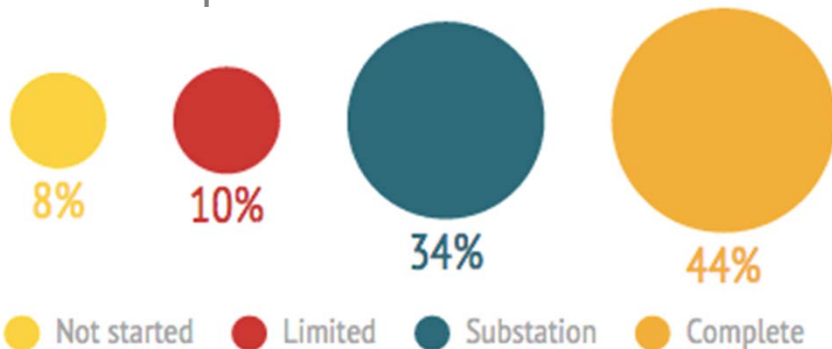

Degree of implementation

All others

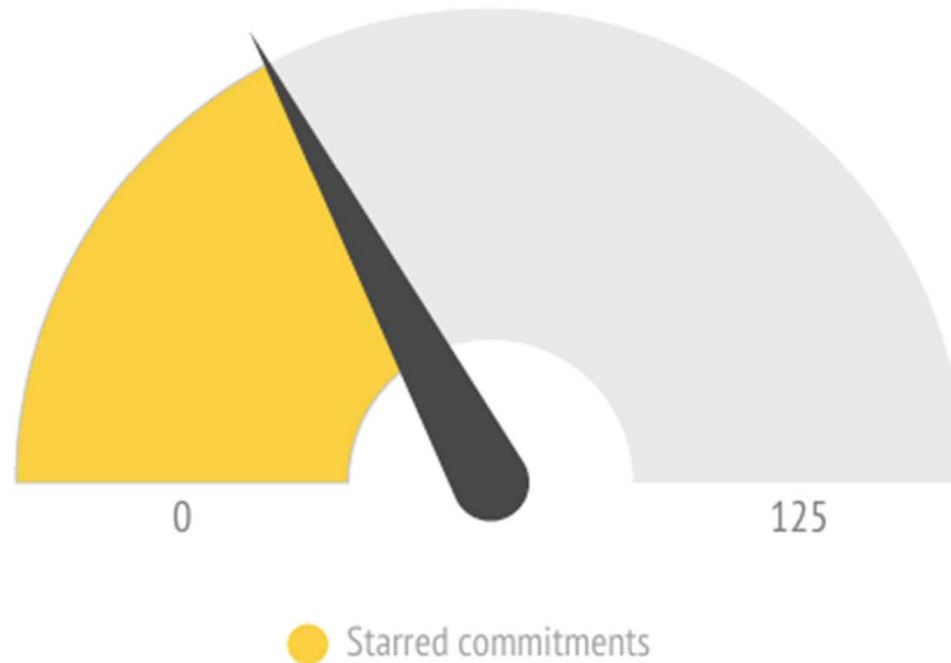

Anti-corruption commitments are less successful in implementation than the same rate of other commitments.

Anti-corruption

However, 44% of anti-corruption commitments have been implemented, and only 8% have not started

Starred anti-corruption commitments

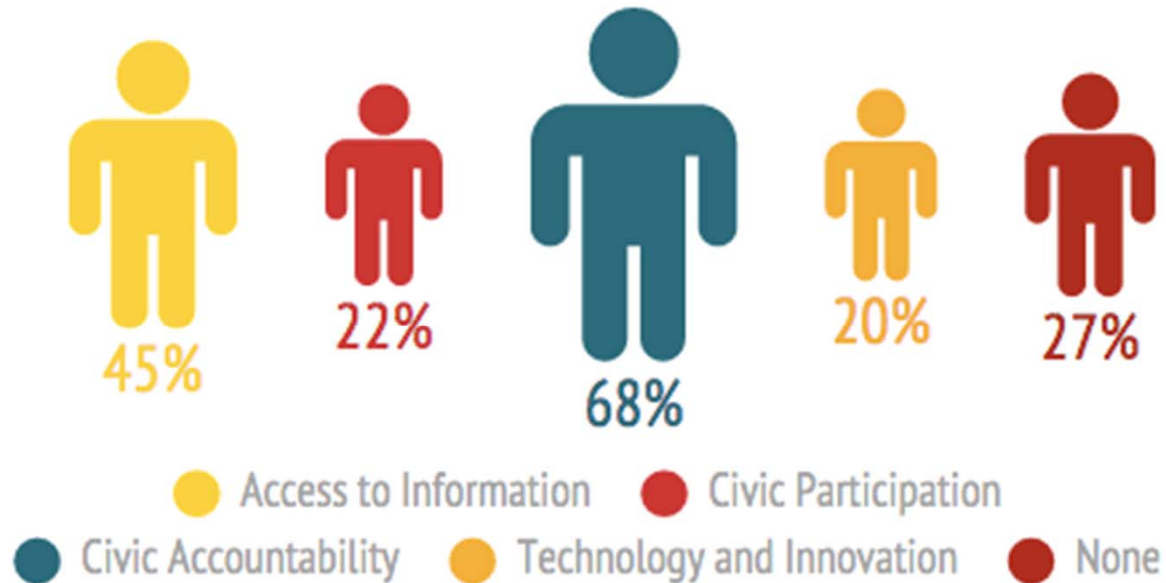

34% of all anti-corruption commitments are starred.
This is higher than other commitments starred average (27%).

Are anti-corruption commitments relevant to OGP values and grand challenges?

RELEVANCE OF ANTI-CORRUPTION COMMITMENTS

Relevance to OGP Values

Almost 7 in 10 anti-corruption commitments are dedicated to promote the OGP value of civic accountability (68%)

Relationship, for example, with Art. 13, para. 1, UNCAC – Access to information and civic participation

Relevance to OGP Grand Challenges

Public Integrity is by far the most important OGP Grand Challenge addressed by anti-corruption commitments

Working together

OGP requires 6 steps during NAP development

1. to make timeline and process available prior to consultation
2. To provide advance notice of the consultation
3. To carry out awareness-raising activities
4. To hold consultations online
5. To hold consultation in-person
6. To provide a summary of consultation comments

UNCAC – Chapter II.
Preventive
Measures

In particular, Art. 13.
Participation of Society

- Access to Information
- Transparency
- Participation in public decision-making processes
- Awareness raising
