**CONFERENCE OF THE STATES PARTIES TO THE UNITED NATIONS  
CONVENTION AGAINST CORRUPTION, SEVENTH SESSION  
Vienna, Austria, 6-10 November 2017**

**SPECIAL EVENT**

Fostering partnerships to fast-track UNCAC implementation

**6 November 2017, Time: 15:30 – 17:00pm**

**CONFERENCE ROOM M6**

**I. INTRODUCTION**

The centrality of **the United Nations Convention against Corruption** as the sole global legally binding international instrument against corruption was underlined by the **2016 London Anti-Corruption Summit**<sup>1</sup>, as it holds great potential as a framework for the prevention of and fight against corruption and as the backbone for national and international anti-corruption initiatives to ensure that unified standards are applied and consistent approaches are taken.

In order to build on the momentum and outcomes of the London Anti-Corruption Summit UNODC organised two Regional Workshops in Southeast Asia and East Africa. These events aimed building and fostering partnerships among anti-corruption practitioners and creating **regional platforms to fast track the implementation of the United Nations Convention against Corruption**.

These **regional platforms**, bring together States parties in Southeast Asia and East Africa with a variety of key technical assistance providers, including donors, international/regional organizations, private sector entities, and civil society organizations. The purpose of the platforms is to leverage means and actions to accelerate UNCAC implementation in the spirit of the UK Summit communiqué through:

- taking stock of UNCAC implementation within the various participating countries;
- identifying common priorities and cross-cutting technical assistance needs for follow up at regional and national levels;
- sharing and identifying good practices in implementing priority UNCAC articles;
- matching technical assistance demand with supply, identifying any remaining challenges and technical assistance gaps;
- generating ideas on how to energize the implementation of relevant key articles of UNCAC, based on identified regional priorities.
