From measuring progress to assessing impact: The 2nd national corruption survey in Nigeria
Special Event co-organized by the Government of Nigeria and UNODC

8th Session of the Conference of States Parties
Abu Dhabi National Exhibition Centre

Venue: Conference Room 5  Date: 16 December 2019  Time: 1-2pm

Anticorruption has remained a major policy priority of the Government of Nigeria. While subsequent administrations have established the legal and institutional framework to effectively implement the provisions of the Convention against Corruption, recent years have seen a renewed focus on achieving tangible anti-corruption results.

In 2016 the Nigerian Government with the support of UNODC and the funding of the EU conducted the first ever comprehensive corruption survey in the country interviewing over 33,000 households across all 36 States and the Federal Capital Territory. The results were published widely in the media and solicited a robust public policy dialogue. The survey report also served as a baseline for the Government’s efforts in preventing and countering corruption.

The event will present the findings of the survey, discuss their policy implications for Nigeria and beyond.

Moderation: H.E. Ambassador Vivian Okeke, Permanent Representative of Nigeria to the United Nations Organizations in Vienna

Remarks: H.E. Abubakar Malami SAN, Honorable Attorney General and Minister of Justice of the Federal Republic of Nigeria
