

9th Session of the Conference of the State Parties in the United Nations Conventions against Corruption

Egypt Special Session

National Anti-Corruption Strategy: Best Practices-Challenges

Tuesday, 14 December 2021
2-3 p.m., El-Wadi Hall

Egypt provides great attention to the implementation of the United Nations Convention against Corruption (UNCAC) through the adoption of various institutional and legal frameworks. This comes in line with Article 5 of the UNCAC, which focuses on “preventive anti-corruption policies and practices”. The National Anti-Corruption Strategy (NACS) is a national framework governing anti-corruption in Egypt. The country launched the first issue of the NACS 2014-2018, followed by the second issue 2019-2022.

The National Sub-Coordinating Committee for the Prevention and Combating Corruption (NSCCPC), which is responsible for the effective implementation of UNCAC and other relevant regional and international conventions, is organizing a session titled “National Anti-Corruption Strategy: Best Practices-Challenges.”

Description

The session aims to present the Egyptian experience in the fight against corruption through the implementation of the NACS 2019-2022. Representatives from the NSCCPC, the Administrative Control Authority (ACA), the Ministry of Justice (MoJ) and the President of the General Federation of Civil Society Organizations will present the key practices in each goal of the nine goals of the NACS, which can be generalized on any of the UNCAC state parties.
