**Implementation Review Group****Seventh session**

Vienna, 20-24 June 2016

Agenda item 2

**Review of implementation of the United Nations  
Convention against Corruption****Issues for consideration in relation to a multi-year workplan  
for the Implementation Review Group****Note prepared by the Secretariat**

1. In its resolution 6/1, the Conference of the State Parties to the United Nations Convention against Corruption requested the Implementation Review Group to consider adopting a multi-year workplan to continue its analytical work during the period 2016-2019, designating the information on successes, good practices, challenges, observations and technical assistance needs emanating from the country reviews of one of the four chapters II, III, IV and V of the Convention as the main topic for each session or reconvened session.
2. In the same resolution, the Conference also requested the Secretariat to structure the provisional agendas of the Group and of other subsidiary bodies established by the Conference in such a way as to avoid the duplication of discussions, while respecting their mandates, and to schedule meetings in five periods of five working days each during the period before the seventh session of the Conference, considering the possibility of scheduling meetings back to back when they are expected to be attended by the same governmental experts.
3. To facilitate the deliberations of the Group on the matter, the Secretariat proposes the following structured approach to future sessions of the Group as a basis for further consideration. To avoid duplication of discussions and enhance coordination, the suggested workplan for the Group references meetings of other subsidiary bodies which are expected to be attended by the same governmental experts as the Group's meetings and could be scheduled back to back with meetings of the Group.
