Questionnaire for the review of the implementation of the Protocol against the Smuggling of Migrants by Land, Sea and Air, supplementing the United Nations Convention against Transnational Organized Crime

1. At its eighth session, the Conference of the Parties to the United Nations Convention against Transnational Organized Crime decided to continue the process of establishing the mechanism for the review of the implementation of the United Nations Convention against Transnational Organized Crime and the Protocols thereto, and that such mechanism should progressively address all the articles contained in the Convention and the Protocols thereto (Conference resolution 8/2).

2. The Conference also decided that the review mechanism should be conducted within the Conference and its existing working groups, which should add the matter as an item to their agenda, consistent with their areas of expertise and without prejudice to their respective existing mandates, and that for that purpose, each relevant working group should define, in the following two years, with the assistance of the Secretariat, a short, precise and focused self-assessment questionnaire.

3. The present questionnaire was developed pursuant to this mandate, to collect information from States parties and signatories to the Protocol against the Smuggling of Migrants by Land, Sea and Air, in accordance with Conference resolution 8/2.

4. The questionnaire builds on previous information-gathering questionnaires developed by the Secretariat and adopted by the Conference at its first and second sessions and covers all relevant provisions of the Protocol. The questionnaire has also been aligned with the International Framework for Action to Implement the Smuggling of Migrants Protocol (2012), a key technical assistance tool developed and widely used to support United Nations Member States in the effective implementation of the Smuggling of Migrants Protocol.

5. The questionnaire is based on the following general principles:
   (a) In order to avoid the need for extensive interpretation, questions contain language on concrete measures instead of generic references to the Protocol and Convention provisions;
   (b) Questions aim at providing a basis for the review of the legislative transposition as well as the practical implementation of measures provided in the Protocol;
   (c) Questions also relating to the mutatis mutandis application of the Convention on specific matters falling under the scope of application of the Protocol are addressed in a separate questionnaire on the implementation of the Convention;
   (d) States are encouraged to submit laws, regulations, cases and other documents on the Sharing Electronic Resources and Laws on Crime (SHERLOC) knowledge management portal.
