

French Criminal Code, Art.421-2-2 (added by Law No. 2001-1062 of 15 November 2001)

Likewise, the fact of financing a terrorist enterprise through the supply, collection or management of funds, values, or any other good, or through the provision of advice to this end, with the intention that such funds, values or goods be utilized, or knowing that that they are going to be utilized, fully or partly, with the aim of committing any of the terrorist acts provided for in this chapter, constitutes a terrorist act, regardless of the actual commission of such an act.
