

Take-home opioid substitution therapy in the context of COVID-19:

Successes and opportunities

The purpose of this side event is to raise awareness about the positive results of the expansion of take-home OST in the context of the COVID-19 pandemic and the state of emergency that governments declared in many countries. Participants will have the opportunity to learn from speakers about their in-country experiences.

Co-Chairs:

Samantha Hodgetts, Harm Reduction Advocacy Advisor, Médecins du Monde
Monica Ciupagea, MD, Expert - Drug use and HIV, HIV/AIDS Section, UNODC

Country presentations will be followed by a Q&A session
