YOUTH 4 IMPACT (Y4I)
ACHIEVEMENTS
2022
ABOUT THE PROGRAMME

The “Youth 4 Impact” regional programme supports young men and women, boys, and girls in six Middle East and North Africa (MENA) countries, namely Algeria, Egypt, Lebanon, Libya, Palestine, and Sudan, to gain resilience against the risks posed by drugs, violence, and crime. The programme enables young men and women, including those most marginalized and at-risk, to experience healthier and safer life transitions. The programme also empowers youth to contribute to their communities becoming safer from drugs, violence, and crime.

Building on the United Nations Office on Drugs and Crime (UNODC) extensive experience and expertise in crime prevention and criminal justice, the implementation of the regional programme makes use of the vast array of tools, guidelines, and other material UNODC has developed throughout the years.

Programme's intervention is based on the 3 main outcomes: enhancing legal, policy, and institutional frameworks for drug use and crime prevention for youth; strengthening the response of relevant sectoral systems and institutions to the needs of vulnerable and at-risk youth and families; and empowering youth to be more resilient, rehabilitated and reintegrated.

UNODC has the mandate to support Member States in engaging youth in crime prevention efforts and in evidence-based drug use prevention as well as ensuring that youth and children are better served and protected by justice systems. Furthermore, the UNODC 2021-2025 Strategy highlights the empowerment of youth as a cross-cutting commitment of the Organization.

The implementation of this programme is an important enabler for the achievement of the 2030 Sustainable Development Goals (SDGs), in particular, SDG 3 “Good Health and Well Being”, SDG 4 “Quality Education”, SDG 5 “Gender Equality”, SDG 11 “Sustainable Cities and Communities”, SDG 16 “Peace, Justice and Strong Institutions”, and SDG 17 “Partnerships for the Goals.”
OUTCOME 1: KEY ACHIEVEMENTS

Enhanced legal, policy and institutional frameworks to effectively prevent crime, drug-use and violence among youth in targeted MENA countries in place and implemented

Supports implementation of the national youth policy action plan (2022-2024) under three policy sectors: social integration and political participation, education and culture participation, health and high-risk behaviors in Lebanon.

Supported a national working group to review and update the national youth and mental health strategis as well as drug treatment protocols in Palestine.

Facilitated the process of improving the national youth strategy by organizing an event for 35 policy-makers and community leaders from relevant institutions and NGOs/CSOs in Egypt.

Developed a workplan and recommendations to enhance the national youth startegy through a policy-making event for 45 representatives of relevant institutions and NGO/CSOs in Libya.

Initiated policy-making efforts concerning youth and drug treatment by organizing a roundtable for 38 relevant stakeholders in Sudan.

Youth 4 Impact reached and positively impacted 34,414 people in MENA in 2022.

25,206 youth

8,316 families

892 professionals
"I understood that if I want to achieve my goal, I need to organize myself, set rules and objectives and also accept help from others.”

Eve (14), a participant to the LULU programme from Lebanon

"My favorite part was how to have healthier relationships, how to set our boundaries with people, how to keep our distance, whom to trust and whom not to... This experience was truly empowering."

Amira (17), a participant to the LULU programme from Egypt

"The programme taught me to tell everything to my parents and not to hide anything to stay safe as well as how to achieve my dream of becoming a police officer."

Jumana (15), a participant to the LULU programme from Libya

"This experience has taught us new and creative ways of dealing with challenges and how to make life a bit easier, for example how to be more resilient to bad peer pressure and related risks."

Ziyad (11), a participant to the SF programme from Egypt

"It gave us personal strength and improved our life skills, for example, to treat our friends and interact with others."

Tala (14), a participant to the LULU programme from Palestine

"This experience has taught us new and creative ways of dealing with challenges and how to make life a bit easier, for example how to be more resilient to bad peer pressure and related risks."

Amira (17), a participant to the LULU programme from Egypt
SPECIAL THANKS

- To our national counterparts
- To our UN sister agencies
- To academic institutions
- To CSO/NGOs & youth boards and networks
- To our funding and development partner, the German Ministry of Economic Cooperation and Development (BMZ)

With their support and cooperation, we were able to and will continue to pursue our programme’s mission of empowering youth against and gaining resilience from drugs, violence and crime in the years to come.
